

PERSHING REPORTS ON PARRAL ATTACK

States Unprovoked Assault on Unarmed Americans Precipitated Action

TWO AMERICANS KILLED

General Funston Asks Pershing to Amplify His Report as Quickly as Possible

BELIEVE VILLA IS IN DURANGO

SAN ANTONIO, Texas, April 15.—It was an "unprovoked attack" on unarmed soldiers, who had entered Parral merely to purchase supplies, that precipitated an action between Mexicans and Americans there Wednesday, according to an official report received tonight from General Pershing.

His report was the first official news that has been received of the incident which drew from Carranza the urgent recommendation that the American troops be withdrawn and the brief, it confirmed the report sent by Consul Fletcher from Chihuahua Thursday.

Sends Report in Duplicate.

General Pershing sent his report in duplicate from Satevo, 90 miles northwest of Parral. It appeared that he did not receive a report from the troops yet in the vicinity of Parral until today and that upon its receipt he forwarded his report to General Funston immediately.

He said that a part of the soldiers leaving their arms at the camp outside the town, entered to buy food. They were fired upon and retreated in the direction of the camp. The troops there moved forward to meet the Mexicans who were pursuing the retreating troops and began a sharp fire, killing 40 Mexicans.

He reported the American dead as two. No mention of wounded either of the Americans or the Mexicans was made.

The Americans were a detachment of the Tenth Cavalry and it was indicated that they were commanded by Colonel W. C. Brown.

Asks Amplification of Report.

General Funston did not regard Pershing's report as wholly satisfactory, however, because of its brevity. He sent him a message tonight asking him to amplify his report as quickly as possible. Whether the attack on the men who went into Parral was made by residents or by soldiers or by both was unstated, and no mention was made of any assistance given by the Mexican troops in the suppression of rioters or in the restoration of order.

One copy of the report was sent thru Consul Fletcher at Chihuahua in the state department code. This was sent from Chihuahua over the commercial wires in control of the Mexican government. The American military has not been permitted to use the wires for transmission of coded messages. The duplicate report was taken to Naniquipa by aeroplane and from there passed over the field wire that General Pershing has set up from there to his base at Columbus. Since the report passed over that wire late this afternoon it was out.

General Pershing did not indicate in his report that any fresh news as to the whereabouts of Villa had been received, also it is understood he told of the continued advances of cavalry detachments who are yet forcing their way along mountain trails, in the neighborhood of Parral. A few additional troops have been sent into Mexico from Columbus but their addition to those in Mexico was not due directly to the Parral incident. It was occasioned by the reports of unexplained movements by the de facto's government's troops especially those troops commanded by General Gomez, who was reported to be moving into positions from which he might menace the line of communications. Scouting operations along the line were continued today and precautionary measures to guard against attack were taken. Orders to take all precautions were sent to General Davis at Douglas, opposite which a considerable Mexican force is stationed.

Relief Evident at Headquarters.

Whether Colonel Brown's troops are still camped in the immediate vicinity of Parral or have continued on to the south over some trail that passes around the town was unknown here. General Funston also is without information regarding the developments at Parral on the day after the trouble between the Mexicans and American troops. Relief was evident at headquarters tonight, however, for even there the rumors that the entire detachment of troops had been wiped out, that the Americans had occupied Parral,

STRIKE DELAYS SHIP; FORCES ONE TO ANCHOR

AMERICAN LINER MONGOLIA IS DE- LAYED SEVERAL HOURS

Action Is Believed to Be Forerunner of Effort to Cause General Strike of Seamen of All Classes on Ocean Going Steamships.

New York, April 15.—Action believed to be the forerunner of an effort to cause a general strike among seamen of all classes on ocean going steamships, resulted here today in one vessel, the American liner Mongolia, being delayed several hours in sailing; and another, the New York and Porto Rico liner Brazos being forced to anchor down the bay after leaving her pier. The Mongolia laden with 10,000 tons of mixed cargo for Liverpool was to sail early in the day but did not get away until 6 p. m. The crew, it was said, struck after a demand for higher wages had been refused by officers of the American line. When the vessel finally sailed it was explained that a "truce" had been effected and that some of the demands of the strikers had been granted.

The Brazos had made her way as far as the Statue of Liberty on her outward voyage when a delegation of firemen, coal passers and sailors was said to have appeared before Captain H. W. Barslow and presented demands similar to those in the case of the Mongolia. Captain Barslow immediately anchored his ship and communicated the news of the threatened strike to the owners here. The latter declined to make any comment tonight.

The demands of the seamen were printed in four languages—English, Spanish, Italian and Portuguese—and posted by the strikers on the Mongolia and Brazos. They were signed by the Atlantic division of the International Seamen's Union of America, an organization at the head of which is said to be Andrew Furuseth, who collaborated with United States Senator LaFollette of Wisconsin in drafting the new seamen's act.

In addition to a 25 per cent increase in wages, to be known as a war risk "bonus" applicable to all classes of seamen aboard vessels passing thru European war zones, demands for further increases in monthly pay were made.

Many vessels, it was said tonight, have been paying their crews a 25 per cent "war zone bonus."

According to officers of steamship companies, previous efforts to amalgamate all the various unions of seamen here into a federated body have failed. For this reason officials of ship lines, it was said, are not disposed to regard seriously the possibility of a general strike.

Union Seamen in Boston Strike.

Boston, April 15.—Union seamen in the employ of the Savannah Line steamship company struck here today for an increase in pay. The steamer Nacoochee, which was to sail tonight for Savannah remained at her wharf and it was said that other vessels of the line would be held up.

About 500 men are said to be involved. Union officials said that while no general strike had been called on the Atlantic seaboard, a general demand for more pay had been presented and where it was refused the men would stop work.

PATROLMAN GETS MEDAL.

Chicago, April 15.—The Carter H. Harrison police hero medal was today awarded to Christina Sioier, a patrolman. Sioier while off duty one night trailed four men into a barn at the risk of his life. He caught one of them who was identified as an automobile thief and a robber. Later thru his efforts, two more of the gang were captured. They were convicted as auto thieves.

GIVES LARGE SUM FOR CAVALRY.

Chicago, April 15.—A Chicago man whose name is withheld but who believes in preparedness made a gift of \$250,000 to the new second cavalry Illinois National Guard regiment now being formed here, it was announced today. The sum is to be used for the purchase of equipment and for armory purposes when the regiment is mustered in. Two recruiting stations have been opened by the regiment.

that they had disarmed the entire population, that a Mexican force was chasing the Americans into the hills and other reports, equally wild, were received from unofficial sources.

The route of the pursuit of Villa again is occupying the attention of officials at headquarters. No word from Washington has arrived to indicate the administration desired any alteration in the orders that placed the punitive force in Mexico. It is assumed however that if the further prosecution of the campaign against the bandit chieftain is desired, authority will be given General Funston to make use of the railroad to and beyond Chihuahua or that additional troops, either of regular or militia will be sent into his department.

Villa is believed to be now in the state of Durango where he can easily get in touch with an army of followers if he has not already done so.

TO FORWARD REPLY TO CARRANZA SOON

Will Give Lines Along Which U. S. Will Nego- tiate for Agreement

PURSUIT WILL CONTINUE

Agree on Course in Belief It Would Make Stronger the Chances of Catching Villa

OUTLINES STATUS OF FORCES

WASHINGTON, April 15.—President Wilson has decided to inform General Carranza, in response to his request for withdrawal of the American troops from Mexico that the United States will negotiate for an agreement along these lines:

The United States government is willing to agree to fix a limit on the distance the American troops now in pursuit of Villa shall proceed into Mexico and to make that limit not much further south than the troops have proceeded.

The United States government is willing to give assurances that the American troops will be withdrawn within "a reasonable time," or as soon as it is definitely established that Villa has reached a point where he can be dealt with better by the Carranza forces.

These points it became known tonight were discussed fully at yesterday's cabinet meeting. The president's advisers are said to have agreed on such a course in the belief that it would make stronger the chances of catching Villa. A reply to General Carranza is said to be virtually completed and is expected to go forward in a very short time.

Meanwhile the pursuit of Villa by the American troops will continue. Secretary Baker sharply outlined this today in a formal statement.

"The status of the expedition into Mexico is as it was at the beginning, in cordial co-operation with the de facto government of Mexico," he said.

"That co-operation continues and the expedition continues. There has been no change in the orders and none is in contemplation."

Secretary Baker and other officials laid stress on the fact that co-operation of the Carranza troops was regarded as an important element and the negotiations with the de facto government will be conducted with the idea that such an agreement would strengthen Carranza at home and at the same time make the task of catching Villa easier.

The lines of communication of American troops following Villa already have been lengthened to the point where sending supplies has become difficult and it is realized here that it would be extremely hazardous for them to go much farther.

FIVE SMALL BOYS PARCH CORN; BURN RAILROAD STATION

SPRINGFIELD, Ill., April 15.—Five small boys went to Sanger, seven miles west of here today, on an outing. While "bivouaching" they became hungry and went on a forage expedition. They obtained some corn which they attempted to make edible by parching, and in doing so burned down the railroad station at that point, causing a loss of \$200 to the Wabash railroad.

The boys were arrested and all but one, Charles Tilley, 13 years old were released. Young Tilley is held pending an investigation.

DEMOCRATS ENDORSE MEREDITH.

Des Moines, Iowa, April 15.—At the meeting today of the Democratic leaders representing every congressional district in the state, E. T. Meredith of Des Moines, unanimously was endorsed for the Democratic candidacy for governor. Harmony marked the whole program according to the leaders.

MRS. COOLEY DIES.

Chicago, April 15.—Mrs. Luzna McMillan Cooley, wife of Lyman E. Cooley, for many years consulting engineer for the Chicago sanitary district, died at the family residence in Evanston, Ill., today after a lingering illness. She was born in Canandaigua, N. Y., in 1852 and had been active in Illinois woman club work for years.

COMMUTES DEWEIN'S SENTENCE

St. Louis, April 15.—Word was received here today by Charles P. Johnson, attorney for Clarence Dewein of Belleville, Ill., that Governor Hayes of Arkansas has commuted the sentence of electrocution pending against Dewein to life imprisonment. Dewein was convicted of the murder of a merchant in Benton, Ark., March 18, 1914.

TELEGRAPHIC BRIEFS

WAUKON, Ia.—Harold Brittain, 11, probably will die as the result of injuries sustained when he fell off a windmill. The boy fell on the pump and the pump rod was driven into his abdomen.

NEW YORK.—An unusually large amount of mail from Europe arrived on the White Star liner Cedric from Liverpool which brought no passengers. The postal consignment consisted of 4,869 bags of first class and 517 packages of parcel post mail.

DUBUQUE, Ia.—Dr. C. R. Watson, for the last seven years president of the Upper Iowa University at Fayette has announced his resignation.

CHICAGO.—William Maze, 38 years of age, was buried under a carload of coal which was dropped into a pit at the Albert Schwill and company malt house. Other employees missing him after the coal had been dropped, from a dump car, dug into the pit and recovered his body.

JOLIET, Ill.—Active work on the new state prison started when Warden Zimmer sent forty-eight honor convicts to the site, three miles away. The warden said he expected to have 300 convicts working on the new penitentiary by June 1.

MADISON Wis.—A two weeks' vacation is all that will be given to state employees this year. Always before the vacation was one month in length but the last legislature reduced the period.

CHICAGO.—Arguments on a motion for a new trial in behalf of Miss Lodavine Miller and her brother, Attorney J. Marion Miller, who were convicted of swindling Thomas Foulkes, a farmer of Danbury, Iowa, were begun before Judge Fitch in the criminal court.

FORT DODGE, Ia.—Detectives worked the greater part of the night recovering rings thrown into the grass by Frank Monroe arrested here charged with robbery. Monroe confessed, according to the police.

DANVILLE ELECTION COMMISSION FILES ANSWER TO DRY'S PETITION

DANVILLE, Ill., April 15.—The city election commission this evening in the circuit court filed their answer to the petition of the drys for a writ of mandamus to compel the commissioners to place the question upon the ballot for the city election next Tuesday. Counsel for the drys asked for time in which to study the answer and consult, and were given until Monday morning at 9 o'clock in which to do so. Court then adjourned until that hour.

In the meantime ballots have been posted by the commission and the city ticket has been published in the newspapers without the question upon it. It is considered impossible to secure a decision in time to have the question voted upon.

LORIMER CONTINUES STORY OF HIS CONNECTION WITH BANK

CHICAGO, April 15.—William Lorimer today continued the story of his connection with the defunct La Salle Street Trust & Savings bank, telling of the various companies he organized and their financial transactions with the bank. He is on trial on charges arising from the failure of the institution in 1914. Mr. Lorimer testified that since the bank closed he has liquidated the notes of all his concerns held by the institution, with the exception of the Lorimer & Gallagher company. The notes of this company, he said, are secured by a lien on the southern traction company.

The companies which own notes he liquidated included the Grace hospital, the Federal Improvement company and the William Lorimer, Jr., & Co. notes, totaled approximately \$110,000.

Mr. Lorimer settled for the notes of the William Lorimer, Jr., & Co. aggregating \$75,000 today.

DR. SHIMON BURNED AT STAKE.

Waukesha, Wis., April 15.—Dr. Joseph Shimon, a former student of Carroll College, Waukesha and who was a member of the 1903 class of the Jefferson College, Philadelphia, Pa., was burned at the stake in Persia, according to advices reaching here from Philadelphia. No date was given in the reports but they show that Dr. Shimon was seized at Urmal, Persia by Turks who tried to compel him to acknowledge Islam. Upon his refusal he was seized, set on fire, burned to death and beheaded.

MINE SINKS GERMAN STEAMER.

Stockholm, April 15.—Via London.—The German Steamship Hispania, laden with briquettes, was sunk last night by a mine near Handham, south of Stockholm. The crew was saved.

There are two German steamers of the name of Hispania in the shipping registers. They are both owned in Stettin, and are of about 2,500 tons gross.

REPORT DISASTERS TO TWO VESSELS

Apparently Due to Illegal Acts By German Commanders

INVESTIGATING CASES

Indictment of German Methods Probably Will Be Forwarded Early This Week

WATCH SITUATION CLOSELY

WASHINGTON, April 15.—While President Wilson and Secretary Lansing today were engaged in marshaling the accumulation of evidence that Germany in her submarine warfare had violated solemn pledges given to the United States official word of two more shipping disasters apparently due to illegal acts by German submarine commanders was received at the state department. Consular dispatches indicated that the steamship Margam Abbey was attacked without warning on April 8 and that the Aberdeen bark Inverlyon was sunk by shell fire after the crew had been forced to the small boats more than 100 miles from shore. Americans were aboard both ships and were endangered.

John D. Harrison of Chicago was a steward on the Margam Abbey. These two cases are being investigated and may be included in the American indictment of German methods of conducting submarine warfare which it was understood tonight would be ready for transmission to Berlin early next week. The president and Secretary Lansing devoted a large part of the day to the consideration of the submarine situation. They had before them a number of affidavits secured from American survivors of the Sussex and other vessels recently attacked and a number of documents containing information forwarded by the British government. These documents arrived on the liner St. Paul yesterday. They reached here this afternoon.

It was said the actual value of the affidavits had been materially lessened by the contents of the German note replying to the American inquiries. The affidavits probably would have played an important part, if the administration had not considered the German statement an admission of guilt.

It became known here tonight that contemplated action of the United States which is expected to bring the submarine controversy to a clear-cut issue is being watched closely by the diplomatic representatives of other neutral nations. The United States is taking into consideration the case of many neutral vessels which, while not carrying American citizens, have been sunk by German submarines.

DETAIL CAPTAIN STACEY AS INSTRUCTOR OF ILLINOIS MILITIA

SPRINGFIELD, Ill., April 15.—Captain Cromwell Stacey, U. S. army who has been on duty as instructor-inspector with the Arizona National guard with headquarters at Phoenix has been detailed by the war department as instructor-inspector of the Illinois national guard. He arrived here today to begin his duties. He is an additional appointee.

Sergeant Boyden R. Sparks, manager of the Springfield Bureau of the Associated Press and a member of troop D, first cavalry, has been appointed by Colonel Milton J. Foreman as squadron commissary of the first cavalry with a rank of second lieutenant.

LOWLANDS ARE FLOODED.

Quincy, Ill., April 15.—The Mississippi river stood at 14 feet at 7 o'clock tonight, a rise of four-tenths of a foot since midnight Friday. The water has already spread over much of the lowlands. The crest is expected about Wednesday. It is not believed the stage will be much above 15 feet.

FOREST FIRES SPREADING.

Raleigh, N. C., April 15.—Forest fires which already have done great damage in Cumberland, Carolina and other counties of eastern North Carolina were reported spreading rapidly tonight before high winds. A farmer was burned to death in Cumberland county.

DISMISS TWO KEEPERS.

New York, April 15.—Two keepers guarding Ignatius T. T. Lincoln, the self-confessed German spy in the Raymond street jail, Brooklyn, have been dismissed for alleged complicity in plans made by Lincoln to make another escape. It was announced today by Commissioner Lewis of the department of corrections.

TO MAKE SURVEY OF AMERICAN RESOURCES

ANNOUNCE FIRST STEP TOWARD IN- DUSTRIAL PREPAREDNESS

Prominent Engineers are Named to Organize State Boards to Make Survey of Manufacturing and Pro- ducing.

New York, April 15.—The names of 250 prominent engineers who are to organize state boards throughout the country to make a complete survey of American manufacturing and producing resources, as a first step toward industrial preparedness were announced tonight by the committee on industrial preparedness of the national consulting board.

The engineers have been appointed state directors by Josephus Daniels, secretary of the navy, after being chosen by five engineering societies, who have pledged their membership of 30,000 to aid the movement.

These organizations are the American Society of Civil Engineers; American Institute of Mining Engineers; American Society of Mechanical Engineers; American Institute of Electrical Engineers and the American Chemical Society.

The state directors who will serve without pay also become associate members of the naval consulting board, of which Thomas Edison is chairman. They are instructed to organize as speedily as possible and begin with the assistance of field aides chosen from the Membership of these societies an inventory of the manufacturing and other industries that could be utilized in case of war.

This work will be done under the direction of W. S. Gifford, supervising director of the committee.

In announcing the appointments, Chairman Edward E. Coffin, said:

"In my judgment, they form a vast flexible organization the like of which has never been known in this or any other country of the world and an organization moreover which from top to bottom is absolutely non-partisan."

Following are the names of the directors in Illinois: R. L. Hunt, Frederick K. Copeland, P. Junkersfeld, William Holskins, Chicago; Dr. W. F. M. Goss, Urbana.

AVIATOR MAKES THEORETICAL AIR RAID ON NATIONAL CAPITAL

WASHINGTON, April 15.—A theoretical air raid on the national capital, in which bombs were exploded above the white house, the capitol building, the war college and other government establishments, was carried out tonight by an aviator who said he made the flight to demonstrate to high officials the city's unpreparedness.

The attack was unheralded and the succession of sharp explosions and flashes of fire startled hundreds of people on the street and brought a flood of inquiries to the white house offices and the police headquarters. The bombs were harmless and were timed to explode about 1,000 feet in the air.

SEPPALA WINS RACE.

Nome, Alaska, April 15.—Leonard Seppala, twice winner with his team of 17 Siberian wolf dogs of the 412 mile all-Alaska sweepstakes, was proclaimed the racing hero of Alaska today following his victory last night over four contestants in the Great Northern classic. Seppala's time was 80 hours and 27 minutes, or nearly an hour and forty minutes slower than his winning time last year.

SUGGESTS PUNISHMENT FOR LAW BREAKING NATIONS

Philadelphia, April 15.—The punishment of international law-breaking nations by making them outlaws and breaking off diplomatic relations and trade relations with them, was suggested here today by Dr. David Jayne Hill, former ambassador to Germany and a member of the permanent administration counsel to The Hague tribunal. Dr. Hill spoke before the American Philosophical Society convention in a symposium on international law.

RE-OPEN PANAMA CANAL.

Panama, April 15.—The Panama canal was re-opened to traffic this afternoon with the passage of 16 ships, seven north bound and nine southbound, including the Transport Buford. The channel thru the cut was in excellent condition and the passage of the vessels was without incident. The first vessel to use the re-opened waterway was the British Steamer St. Veronika.

SINK DANISH SCHOONER.

Molten, Netherlands, April 15.—The Danish Schooner Proven, while bound from Setubal, Portugal, for Gothenburg, Sweden, was sunk by a German submarine. The crew was landed here today. Before being picked up the sailors were adrift in an open boat for 56 hours.

LOCOMOTIVE EXPLODES; TWO ARE KILLED

Muskogee, Okla., April 15.—D. F. Larrack, a brakeman and W. F. Jones, a fireman were killed and two other trainmen were scalded at Hoffman, Okla., today when the locomotive of a Missouri, Oklahoma & Gulf railroad train exploded.

FRENCH LAUNCH VIGOROUS ATTACK

Germans State Line After Line of French Were Mowed Down

SOME GAIN TRENCHES

Paris Statement Fails to Men- tion Any Activity By the French Infantry

SHARP FIGHTING IN EAST

That the French troops defending the Fortress of Verdun have launched a vigorous counter-attack in the region of Deadman's Hill on the west bank of the Meuse was disclosed by the official report issued Saturday afternoon from the German headquarters. The attack followed violent artillery preparation and was directed against the German positions south of Corbeaux Wood in the Cumeries Wood and on Deadman's Hill.

The line after line of French troops were mowed down, the German statement said, by the concentrated artillery and machine gun fire of the Germans some French battalions succeeded in penetrating the Teuton position on Deadman's Hill. On gaining a footing in the trenches there, however, Berlin declares, the were slain in bayonet fighting.

Paris officially is silent regarding this battle, the afternoon statement announcing that French batteries had evidenced great activity on the west bank of the Meuse, principally to the west of Corbeaux wood and along Forges Brook and that no infantry engagements had taken place.

The latest official statement issued at Paris fails to mention any activity by the French infantry. Both east and west of the Meuse there have been artillery bombardments only.

On the eastern front sharp fighting is going on between Austrian and Russian forces for positions on the lower Stripa and the Dniester river in Galicia and for others north-east of Czernowitz, in Bukovina.

In the Italian theater the Italian and Austrian armies have respectively taken the offensive at various points along that front. Austrian troops stormed an Italian position at Mrzliach and claim to have beaten back several counter-attacks in which the Italians are said to have suffered heavy losses.

The Austrians admittedly were forced to evacuate a defensive position south of Seprone but claim to have repulsed the Italian attacks in other sectors.

In the operations of the water four vessels figure in the news. The British steamship Shenandoah of 3,886 tons gross and the German steamship Hispania have been sunk by mines. The Danish steamship Proven has been sunk by a German submarine at a point south of Stockholm and the Danish steamship Kasan has been captured in the Cattegat by a large German submarine.

CATHOLIC CHURCH BURNS.

Moline, Ill., April 15.—Fire this morning destroyed the Catholic church at Atkinson, Ill., near here, causing a loss of \$25,000. The Genesee fire department hauled by automobiles, made a sensational run of five miles to Atkinson and arrived in time to save the parochial school and rectory, nearby. The fire was caused by an overheated furnace.

MRS. BAINBRIDGE DIES.

Council Bluffs, Iowa, April 15.—Mrs. Mary Sims Bainbridge died at her home here today aged 65 years. She was the widow of W. E. Bainbridge, who was secretary of the American legation at Peking, China, at the time of Boxer outrages. Following this trouble, Mr. Bainbridge committed suicide in Paris while en route home on leave of absence on account of nervous breakdown.

LENTEN REVIVAL SERVICES TO CONTINUE AT GRACE.

Evangelist Towle Has Announced Special Themes for Today's Services.

The second week of the Lenten revival will begin today at Grace M. E. church and it is confidently expected that the week will be one of still greater spiritual interest. The attendance during the past week has increased nightly and the interest has kept pace. The themes announced by Evangelist E. K. Towle for today are suggestive and the sermons are certain to have in them much that will appeal. The sermons the past week have been uniformly strong and helpful, and no doubt there will be large audiences today and for the coming days of the week.

This morning the theme will be "Does the American Young Man Need God Today?" and is a timely theme. Tonight "The Defense of the Home" is the subject announced. A cordial invitation to be present is extended to the public.

High Mark For Land Values
An exchange in referring to a recent sale of land at \$270 credits it to Morgan County and then proceeds with a story that the best Illinois land can be made to pay a return on a \$400 valuation. That figure will not come until farmers learn to use more intensive methods. In the past the rich soil has resulted in a certain amount of carelessness and the failure to use every foot of ground to advantage. There has been carelessness to about preserving the means of fertility but changes are coming slowly and with advancing land prices there is the realization that the example set by European farmers in intensive methods may well be followed. The way to have land prices in Morgan county reach a higher level is to make the acreage production greater. Scientific farming methods will do it.

Real Patriotism.

There is real patriotism tersely told in the recent words of George Haven Puaman, who said, "It is true I was born in England, but am no more an Englishman than kittens born in an oven are biscuits." The phraseology is unusual but the point is very clear and apropos in these days of discussion about hyphenated Americans. While the U. S. owes a great deal to Europe for contribution of strong stable citizens to the commonwealth of this country, after they are here once and have really become citizens there should be no question as to their allegiance and loyalty. Love for the mother country should be true and sincere but wholly secondary.

A Jacksonville German citizen recently voiced Mr. Putman's sentiment in less picturesque language but just as true. He said: "I am thoroughly German and my love for the fatherland is not gone, but since I have lived in this country I have done well, my rights have been protected and I have prospered fairly in a business way. There is not question about my obligation to the United States and I believe that foreign born citizens who are so in-

UNAPPRECIATIVE MAN.

"My husband," sighed the weeping wife, "has made a ruin of my life. He does not seem to yearn or long for higher things, like Art and Song. The sordid things to him appeal; he'd rather have a good square meal, than sit with me thru dreamful days, reciting Browning's lays. A noble painting on the wall makes no appeal to him at all; with scorn he'll pass the picture by, and say he'd rather have a pie. Because the bread is always hard, because his porterhouse is charred, because the coffee's weak and thin, he'll make a most unseemly din. He can't be made to realize that noble odes beat oyster fries, that Ibsen's pen, surcharged with ink, surpasses sausage in the link, and Handel's grand harmonic burst, beats schweitzer cheese or liverwurst. So here I sit upon the floor, and weep and wail forevermore."

The Elephant as a Party Emblem.

The approach of the national republican campaign has again brought to notice the story of the origin of the use of the elephant as the party emblem. It is said the elephant was first used to signify the Republican party by Thomas Nast, the famous cartoonist, in November, 1874. In a cartoon labelled "An ass, having put on the lion's skin, roamed about in the forest and amused himself by frightening all the foolish animals he met with in his wanderings." The "ass" referred to was a New York newspaper, while the Democracy was represented as a fox, lurking in the underbrush and contemplating, with apparent pleasure, the foreshadowed plunge of the elephant into an abyss entitled "Southern Claim Chaos." Various other newspapers were represented by animals, all, with the exception of the fox, in apparent panic. Nast is dead and gone, but his elephant so appealed to the popular imagination that it will probably endure as long as the Republican party as its popular, if not official emblem.

Ensley Moore's article on the 50th anniversary of the Daily Journal brings out the fact that at least two of the old-time employees of the Journal are still living in this city—David E. Swales and his brother, Capt. James M. Swales. The former, acting as foreman and pressman in 1865, printed the first copy of the Daily on a hand press and for years served as foreman faithfully and well. He later had charge of the printing office at the institution for the Deaf and Dumb. "D. E. S." may be found as a signature to many poems appearing in the paper in the late 60s.

S. T. Maddox, on renewing his subscription a few days ago remarked that he had been taking the Journal (Daily or Weekly) for over fifty years, beginning on the solicitation of Capt. James M. Swales, whose army service was notable and whose sufferings in Andersonville prison has left an impress on his life since. Capt. Swales learned the printing trade with his brother after the close of the war. The captain is yet active, and he is a writer, who has given us many articles on that war time that have been instructive and interesting.

The Danger of Prosperity.

It was James J. Hill who said not long ago that when the war is over the question which will confront American wage earners will be that of finding a market for their labor instead of fixing the price at which they will sell that labor. The statement was significant coming from a business man of Mr. Hill's great foresight and calls attention to a very forcible way to a fact which other financiers have touched upon more lightly and less effectively. It points to the danger that exists of forgetting that the principal basis of present industrial activity in this country is war orders, and while these orders would not be shut off immediately with the cessation of hostilities, there would speedily come a great change. Aside from the war orders coming direct, the United States, while losing some markets during the war, has had new outlets for export opened up because of the lack of competition from Europe, and when affairs are settled once more upon the continent that competition will be renewed and it is likely to be more spirited even than in the past.

In times of great prosperity it is seldom that the people look far ahead but rather go along on the basis that business will continue to increase and they think of no limit to wages and salaries and think just about as little of expenditures.

Mr. Hill's warning is well worth consideration not only by the big business men and the ones of moderate degree, but also by the average citizen and consumer.

POLITICAL NOTES.

Senator Clapp of Minnesota has three opponents for the Republican nomination for his seat. Frank B. Kellogg, former Governor Eberhardt and Congressman Lindbergh are his rivals, and a battle royal is under way, ending with the primary election on June 19.

That the pro-Germans will try to influence the St. Louis platform is the assertion that comes from Washington. It is opined that Bryan will be the leader of this movement to secure adoption of planks which will be critical of President Wilson's policy.

O. M. Weller, who ran for governor on the Republican ticket in Maryland in the last election, is managing the Weeks campaign for the nomination for president. Senator Weeks also has the aid of George H. Moses, former minister to Greece, now head of the Republican publicity bureau.

Bryan has stirred up the Nebraskans during the past few weeks, and he has stumped every county in the state. The primaries will be held on Tuesday in that state, and the former premier wants to go as delegate to the St. Louis convention, and incidentally wants the Democratic nomination for governor for his brother, C. W. Bryan, mayor of Lincoln.

LONG PUBLIC CAREER RECALLED AT GOLDEN WEDDING OBSERVANCE

Mr. and Mrs. John J. Jones of Roodhouse, Parents of Judge Norman L. Jones, Have Anniversary.

Roodhouse, Ill., April 15.—Five hundred friends called during the course of the afternoon and evening Saturday at the home of Mr. and Mrs. John J. Jones, who were observing the fiftieth anniversary of their marriage. The event was a most happy one and many were the good wishes received by the couple on their golden wedding day.

John J. Jones and Miss Minerva E. Patterson were married April 15, 1866, at Patterson, and have since been numbered among the staunch and prosperous citizens of Greene county. Mr. Jones has for many years been a deacon and sturdy supporter of the Baptist church and many offices of public trust have been filled by him in the course of a life of more than ordinary usefulness.

Judge Norman L. Jones of Carrollton and Mrs. Thomas H. Cobbs of St. Louis were here to attend the anniversary of their parents' wedding. Many handsome presents were received by Mr. and Mrs. Jones, and this evening a bower of jonquils, American beauty roses and greenery was arranged in the parlor, beneath which they sat to receive the congratulations of their many friends. Music was furnished by Griffith Sisters' orchestra.

Today there will be a second celebration for members of the family only.

CLUBS AND SOCIETIES.

The Mission Study circle of the Congregational church will meet Tuesday, April 18, at 7:30 p. m., with Mrs. H. H. Hall, 694 West College avenue. The life of Jane Adams will be presented by Mrs. D. O. Clark.

The Hospital Aid society will have a call meeting at Passavant hospital next Thursday afternoon for work.

The Literary Union will meet Monday evening with Thomas Worthington. Subject, "James Whitcomb Riley." Leader Hugh P. Green.

Monday Conversation club will meet with Mrs. C. H. Russell, 824 West State street, Monday afternoon at 2:30.

The Wednesday class will meet with Mrs. Bancroft on Prospect street next Wednesday afternoon.

Mention was made recently of the 53d anniversary of the Literary Union but thru error the date of the observance was omitted. The anniversary exercises will be held Monday, April 24, at the home of Mrs. Josephine Milligan and Grace Dewey. The Forum Literary society of the high school will hold its last meeting Wednesday evening this week instead of Friday owing to the teachers' meeting.

AT STATE ST. CHURCH TODAY. At State Street church today Rev. F. G. Behner of St. Louis will preach both morning and evening. The morning theme will be "The Crucifixion" and in the evening the topic will be "Marks of a Christian." The gentleman arrived in the city last evening and met a few persons and made a very favorable impression. He seems to be a pleasant, genial gentleman whom it is a pleasure to meet.

SOCIAL EVENTS

Woodson People Entertained for Pastor.

The members of the Presbyterian church at Woodson entertained in honor of their pastor, the Rev. J. Latham, and wife in Odd Fellows' hall Friday evening.

The Rev. Mr. Latham recently accepted the pastorate of the Woodson church, coming from Nauvoo.

The members of the Christian church of Woodson accepted an invitation and joined in the reception. The evening was spent socially.

William Colton made a few introductory remarks and welcomed Rev. Mr. and Mrs. Latham.

The pastor responded in a happy manner. There was a dialogue by six children entitled, "The troubles of the days of the week."

The children taking part were: Esther Cunningham, Helen Orris, Claribel Aldridge, Meda Megginson, James Gladstone, Sheldon Nicol and Willie White.

Refreshments were served during the evening. Those from away were Mrs. Thomas Tinsington and Miss Ethel Adkinson of Murrayville, Miss Clara Robinson, Jacksonville and Miss Maxie Cooper, Nortonville.

Pansy Club Meets Saturday.

The Pansy Club met Saturday at the home of Miss Dorothy Williamson on Jordan street.

After a short program, delightful refreshments were served. Those present were: Dorothy Williamson, hostess, Helen Turner, Carol Lander, Frances Griswold and Dorothy Cully.

The next meeting will be at the home of Miss Carol Lander, April 29.

Linen Rush for Miss Collins.

Members of the Gamma Delta society of Illinois college gave a linen shower at their rooms in Beecher hall Saturday afternoon in honor of Miss Ruth Collins, who is soon to wed Mr. Frank Feely of Chicago.

Pink and white were the decoration colors, and charming effects were secured by the artistic use of roses.

Eleanor Rockwood, costumed as cupid, bestowed the generous gifts upon the bride to be. Excellent refreshments were served. Miss Collins is a past president of Gamma Delta.

Madrigal Concert At Woman's College.

An audience large and appreciative greeted the Madrigal club and college orchestra in the annual concert Saturday evening at Illinois Woman's college.

"The Two Clocks" by Rogers, given by the club as a concluding number was especially well received. The cantata by Grieg, "At the Cloister Gate" elicited rounds of enthusiastic applause. Solo parts in the cantata were taken by Mrs. Florence P. Hartmann, Miss Rena M. Lazelle appeared to excellent advantage in soprano solo work. The violin selection by Milton Angier was well received. The orchestra, under leadership of Director Henry V. Stearns, seemed to play even better than at the regular orchestral concert several weeks since.

TAYLOR LAND SOLD

At the court house Saturday Master in Chancery John M. Butler sold a forty acre tract one mile north of Jacksonville, known as the Taylor land, at \$207.50 an acre.

The land belonged to the estate of Nancy E. Taylor and was sold by order of the court in the partition proceedings of William Hinman vs. John Taylor et al.

Altho the land is unimproved it is of good quality and so located that Louis Freitag, the purchaser, is considered to have secured it at a bargain price.

SCHOOLBOY LOVE LED TO MURDER.

Scottsburg, Ind., April 15.—Harley Robinson, 22 years old, who was indicted last month on the charge of murdering his school-boy rival, will be brought to trial on Monday before Judge Cragmille.

While the outline of the defense has not been made public, it is said that insanity will be alleged.

A fatal shooting took place at the home of Miss Grace Huffman, a high school student, on March 26.

The victim was Ancil Phillips, 17 years old, the rival of young Robinson.

The girl that they both loved was present. Robinson had been paying attention to Miss Huffman for two years. Recently, however, she had permitted Phillips, who was a classmate, to call upon her.

On the fatal evening, Robinson arrived first, and when Phillips arrived, he was met with a shower of bullets.

MRS. HARDIN PARKS DEAD AT HOME NEAR WINCHESTER

Pneumonia Causes Death of Old Scott County Resident—Oscar Taylor Dies With Tuberculosis.

Winchester, Ill., April 15.—Mrs. Hardin Parks died Friday night at her home near Winchester after an illness of several weeks with pneumonia. Mrs. Parks was seventy-three years of age and had been for many years a highly respected citizen of this community.

Funeral services will be held Monday afternoon at 1 o'clock at the residence four miles northeast of here.

Beside the husband there survives one son, Sherman Smith, residing in Missouri. She has the following living sisters, Mrs. Robert Andell, Mrs. Mary Crabtree, Mrs. William Parks, Winchester; Mrs. Sarah York and Mrs. Jane Kennedy of Kentucky, and Mrs. Belle Todd of Roodhouse.

Oscar Taylor Dead.

Oscar Taylor, son of Mr. and Mrs. George Taylor, residing a few miles south of Winchester, is dead at the home of his parents after a long illness with tuberculosis. He made his home until recently in Pekin, returning to Winchester some three weeks ago. He leaves a widow and three children. One brother, Otis Taylor, resides in Jacksonville and Clarence, Russell and Earl Taylor, brothers of the deceased, make their home here. Three sisters survive, Mrs. Clyde Dixon of Clayton, Mrs. Austin Little and Miss Mattie Taylor of Georgia.

Funeral services will be held Monday afternoon at 3:30 o'clock at the Christian church. Burial will be made in Winchester cemetery.

Little Funeral Saturday.

The body of Marsh Little, who died Thursday night by his own hand, was sent Saturday forenoon to Glasgow for burial. Mr. Little was in bad health and fearing a lingering disease committed suicide in his room over Kelly's barber shop.

Baptist Church Reception.

Members of the Baptist church held a reception Saturday night at the home of Mr. and Mrs. George Stewart in honor of Miss Elsie Edmondson who plans to leave Monday for St. Louis to enter a training school for nurses. A musical program was carried out and elaborate refreshments were served. Sixty friends were present.

Revival Will Continue.

The union revival in which the Methodist, Presbyterian and Baptist churches are taking part, will continue next week in the Methodist church building and will be brought to a close Easter Sunday. The Rev. O. L. Pride will preach.

Friday evening was high school night and the church was well filled. An excellent program was rendered by the glee club. Today a special program will be given by the large choir and the orchestra.

Personal Mention.

Mrs. E. J. Markille was taken quite ill at her home here Saturday forenoon.

Miss Jennie Richardson of Riggston was a visitor in Winchester Saturday.

Mrs. William Watson left Friday for Lynville to make a visit with relatives.

Dr. J. A. Day has returned to Jacksonville after a professional visit here.

Mrs. Dan T. Smith and Miss Sybil Smith were in Jacksonville Friday shopping and visiting friends.

Mexico City, April 15.—Telegrams received here today from Tenosique, state of Tabasco, which borders the territory of the republic of Guatemala, said to be controlled by revolutionists campaigning against the government of President Estrada Cabrera, declare that the insurgents captured the town of Progreso. It is said that the four hundred inhabitants of the town joined the revolutionary movement.

DENIES CHARGE.

Washington April 15.—Alexander Legge general manager of the International Harvester company, denied at the senate fiscal investigation today that the company had bought more sisal than it needed for binder twine this year with a view to creating an impression of a shortage to embarrass the Yucatan planter's sisal marketing association.

BUT LITTLE INTEREST MARKS ELECTION FOR SCHOOL DIRECTOR

Warm Race in Franklin Between W. N. Luttrell and Ed. F. Seymour—A. C. Hodges New Maple Grove Director.

But slight interest attached to the elections throughout the county Saturday for school director, and the warm contests took place in several instances, many of the directors were elected or re-elected without opposition. In South Jacksonville a good vote was polled but there was no opposition to the candidacy of A. C. Hodges as director in the Maple Grove district, succeeding Ernest Heintz, who did not make the race for re-election.

In Woodson there was some rivalry manifest between James Devore, elected by 31 votes, and G. E. Megginson, who received 20.

J. E. Osborne was elected director at Murraville with no candidate opposing.

Perhaps the most noteworthy race in the county took place at Franklin, where W. N. Luttrell and Ed. F. Seymour made a close race, bringing out more than 500 votes. Mr. Luttrell received 280 votes and Mr. Seymour 272. Other results follow: Cottage Grove: Jonie Scott, 5; Edgar Oxley, 1.

Criswell: W. E. Wright, 16; no opposition.

Clayton Point: Joseph Anderson, 24; George Haynes, 14.

Hurricane Neck: Burley Wright, 11; no opposition.

College Corner: John Burnett 6; no opposition.

Little York: Bright Sears, 6; Felix Shanley, 6. Both elected, one to fill vacancy.

Long Point: William Ryan, 4; no opposition.

Little Hope: Samuel Camm, 2; S. L. Gotschall, 1.

Providence: Lloyd Cox, 5; no opposition.

Alexander: Benjamin Davenport, 30; W. E. Morrow, 13.

Walnut Grove: John Eek, no opposition.

Berea School: C. H. Hall, no opposition.

East Liberty: F. E. Drury re-elected without opposition.

Blue Grass: Fred Walbaum and Marion Zachary, one to fill vacancy.

MRS. J. E. GILLHAM OF RIGGSTON DIES SATURDAY IN COLORADO

Went to West Two Years Ago for Benefit of Health—Funeral Services Tuesday Afternoon.

Mrs. J. E. Gillham of Riggston passed away Saturday morning at 8:30 o'clock in Denver, Colo., where she went two years ago for tubercular treatment. Daughters of Mrs. Gillham have been with her for the past year and a few months ago Mr. Gillham went to Colorado also.

The body will arrive in Riggston Monday night. Funeral services will be held at the home Tuesday afternoon at 2 o'clock and burial will be made in Gillham cemetery.

Mrs. Gillham was born in Jacksonville Sept. 17, 1865, the daughter of Charles and Lilla Gordon Jones. She was reared in the Lynville vicinity and later attended the Athenaeum here. She was married April 26, 1888, and has since lived one mile west of Riggston. Mrs. Gillham was for many years a member of Lynville Christian church and was a woman of genuine worth and true Christian character.

Surviving Mrs. Gillham are the mother, Mrs. Lilla Jones; her husband, three daughters, Maude, Rebecca and Margaret Gillham, and four sons, Paul, Harold, Lawrence and Ralph Gillham. The following brothers and sisters survive: Mrs. N. B. Westover of West College avenue, this city; Charles G. Jones, south of Springfield; Dr. R. R. Jones of Woodson, and Mrs. E. W. Crum, wife of Dr. Crum of Palmyra.

SYRACUSE DINES HEROES OF GRIDIRON.

Syracuse, N. Y., April 15.—For the first time in the history of football, the members of an all-American football eleven will dine here today. They will not don the gridiron togs, but will appear in their best Tuxedos. The only scrimmage they will engage in is to rip up a good dinner that the Syracuse university athletic authorities have prepared for them. The lucky football stars are those chosen by Walter Camp, the veteran authority of the game, because of their showing on the field during the past season. Sir Walter is on deck himself and will be the toastmaster.

MRS. HENNESSEY SUICIDES.

Washington, April 15.—Mrs. Francis Hennessey, wife of Captain Frederick B. Hennessey of the third field artillery and daughter of General Robert O'Reilly, late surgeon general of the army committed suicide here today by asphyxiation.

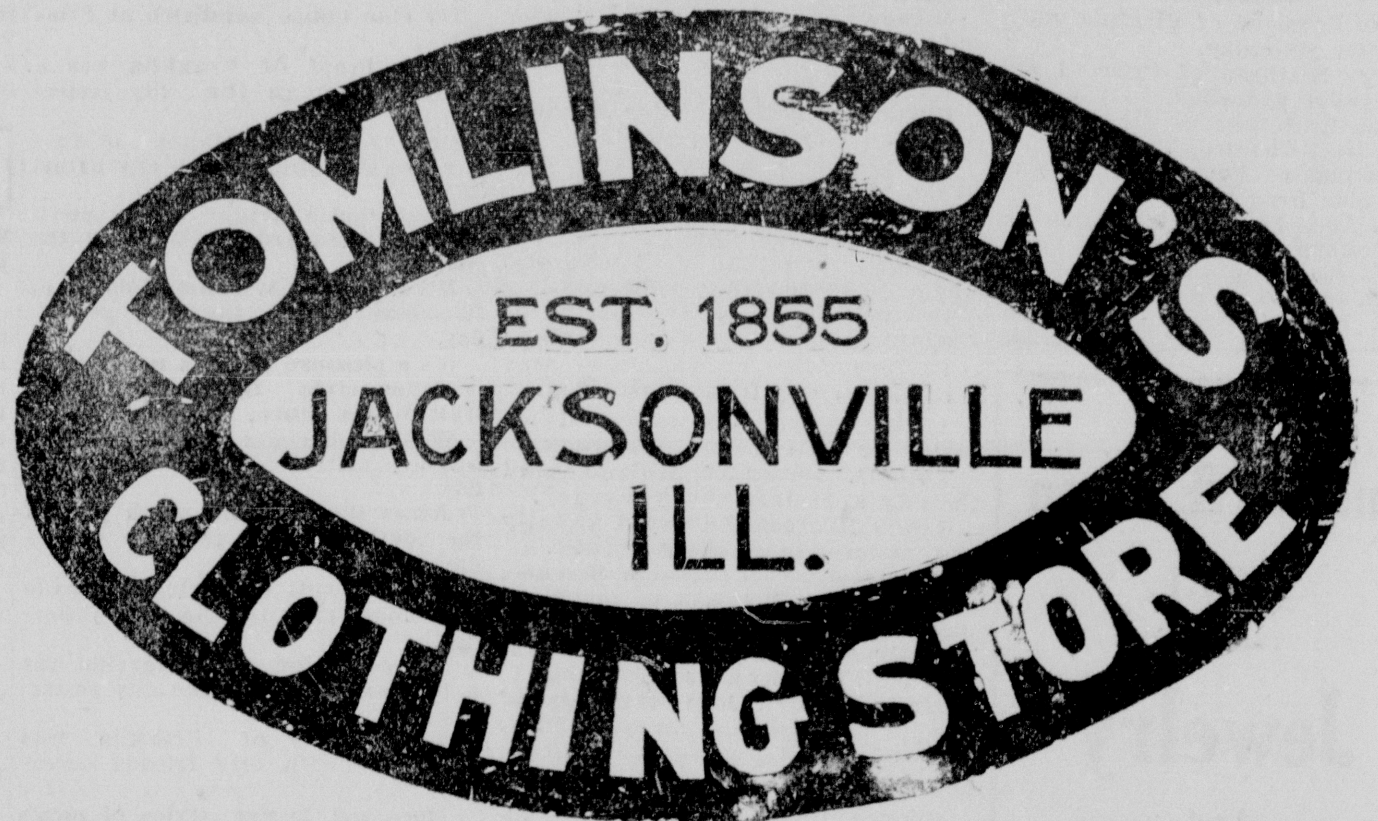

ALEXANDER VISITORS.

Among visitors from Alexander in the city Saturday were Miss Dorothy Thompson, Mrs. Marvin Thompson, Mrs. Samuel Ruble, Mrs. T. E. Cockin, George Williams, Mr. and Mrs. C. M. Strawn and Father F. A. Lucius.

DISMISSAL SOUGHT IN SHOE MACHINERY TRUST CASE

Proceedings Have Been in Federal Courts for Long Period—Government to Oppose Dismissal Plea.

St. Louis Mo., April 15.—Judge Jacob Triebner of the U. S. District Court of Arkansas, who is sitting here in the case of the United Shoe Machinery and its officials, charged by the government with operating as a trust in violation of the Clayton Act, will give a hearing on Monday on the defendants' motion to dismiss the case. The so-called "shoe machinery trust" has figured for many years in the federal courts, and the proceedings now under way were taken under the latest provisions against trust operations, the Clayton Act.

The government attorneys will oppose the dismissal of their case, and will move for an early trial. The government's suit names as defendants the United Shoe Machinery Co. of Maine, the United Shoe Machinery Corporation of New Jersey, and the United Shoe Machinery Corporation of New Jersey, also a number of individuals connected with these corporations. Charles F. Choate, a distinguished Boston attorney, and Judge Chester H. Krum of St. Louis, represent the machinery company and will argue for dismissal of the trust suit.

The shoe machinery trust controls nearly every kind of machine used in the shoe industry, it is claimed. It has its headquarters at Boston, and some of the wealthiest men of that city are interested in the concern. Louis A. Coolidge, former Assistant Secretary of the Treasury, is its treasurer. According to factory owners, the industry is entirely dominated by the machinery concern, which by leases retains control of the most important parts of the machinery used.

It is the "tying clauses" in these leases that has brought the monopoly charges. The government contends that the corporation had enforced its lease in an arbitrary and unreasonable manner. One provision, the government contends, prohibits a manufacturer who leases machines from the trust from using a competing machine.

Government Secured Injunction. Last December the government secured an injunction against the operation of that clause in the leases which gives the company authority to terminate any lease if the leasing shoe manufacturer violates any provision of the lease. This injunction was later removed by appeal to the Circuit Court of Appeals.

The present suit against the shoe machinery trust will be carried to the Supreme Court it is expected. It is pointed out by leading attorneys that the full bench will sooner or later be called upon to settle the controversy over these "tying clauses."

The recent contest which the shoe machinery officials conducted against the confirmation of Louis D. Brandeis for the Supreme bench, is therefore recalled. Brandeis was once an attorney for the trust, and was a director of the company. He was interested in one of the prior concerns that was merged with other shoe machinery makers to form the United. When he left the concern and went out "trust busting" he incurred the enmity of his former friends.

The prior dissolution suit brought by the government against the shoe machinery trust was originated by Attorney General Wickersham. That action was taken under the Sherman law. The trial began in May, 1913, and cost the company, it was estimated more than a half million dollars. The government expended some forty thousand dollars in prosecuting the case. This case was dismissed by the Circuit Court at Boston over a year ago, the judges maintaining that the machinery of the corporation was from the beginning protected in all its essential elements by patents, and that there had been no proof to the contrary. The court decided that the exclusion of competitors from the use of these patents was the very essence of the right conferred by the patents. The trust won a big victory in that decision, for the court maintained that the fact that the concern had acquired so large a portion of the business of the country was largely due to the use of competent methods.

AFFILIATION.

The federal employees' union, said to number approximately 5,000 government clerks, has avoided an obvious pitfall in pledging itself not to engage in, or support any strike against the government. It has affiliated with the American Federation of Labor, which is so constituted that the various associated trades are permitted autonomy on matters of such importance. The aims of the new organization are to be sought thru legislation.

There was some pretty cold weather later on but the oats crop that year was a bumper.

GEORGE DEATHERAGE WELL KNOWN WAVERLY CITIZEN IS DEAD

Had Spent Entire Life in County—Miss Tools' Funeral Announced—General News Notes.

Waverly, Illinois, April 15.—George Deatherage died at the home of his sister, Mrs. Margaret Turner of Waverly, Friday evening at 8:15, at the age of 67 years, 11 months and 23 days. The cause of his death was cancer of the stomach.

He was born near Waverly April 22, 1848, and has resided here all his life. His wife died Jan. 12, 1913.

Decedent is survived by three sisters, Mrs. Mary Turner, Mrs. Lewis Hart, and Miss Elizabeth Deatherage, and by one brother, Joseph, all of Waverly.

Arrangements for the funeral services have not yet been made.

The funeral of Miss Nellie Tool, who died at the Municipal Hospital in Chicago Thursday, April 13, will be held at the Catholic church of Waverly, Rev. Father Ryan officiating. Interment will be in the Catholic cemetery.

ILLINOIS COLLEGE NOTES.

Professor P. F. Whisler gave an interesting address at the chapel exercises Thursday morning on the study of Mathematics, Physics and Astronomy.

The Faculty has recently been giving considerable attention to the subject of cribbing in examinations. Action has been taken in order to reduce the temptation to cribbing, and to increase the severity of the penalties for the offense. A student found guilty of cribbing in a final examination will henceforth be suspended from the college for the succeeding semester. Announcement of other regulations relating to this matter will probably be made to the student body in the near future.

President Rammelkamp went to Chicago Thursday night in order to attend the banquet of the Chicago Society of Illinois College at the University Club Friday evening. He gave an illustrated address on the history and present life of the College, using about 125 lantern slides. Henry Deterding and Charles Huxel of Granite City have temporarily withdrawn from college on account of illness.

The girls of Gamma Delta and Sigma Phi Epsilon tagged the students and Faculty of the college on Monday morning for the Belgium Relief Fund. A total of \$15.40 was raised. The students manifested great interest in the effort.

Miss Stella Salvason, ex '18 of Petersburg was a visitor on the campus during the week.

Several Whipple students are out of school on account of the measles. The Whipple building has been thoroughly fumigated, and every precaution taken to prevent further contagion.

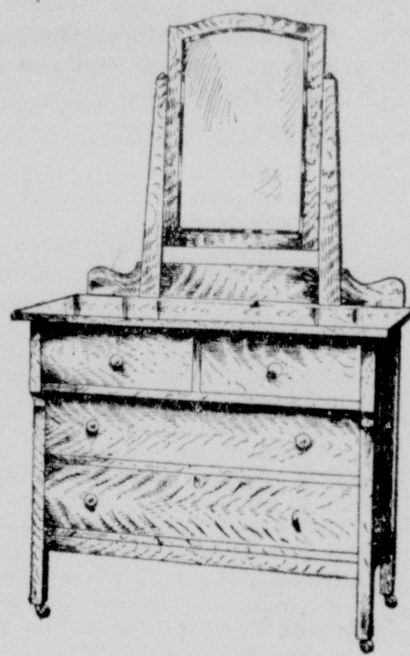

The Devotional Meeting at Academy Hall will be led by Oscar Zine.

ECONOMIC CONFERENCE.

Quite as important as the war council of the allies for fixing upon a common military plan is the economic conference to be held in Paris beginning April 20. If the allies, now held together by a common peril should be able to reconcile their acute conflicts of interest, such a program as is outlined might, in case they win the war, be a step toward the larger world organization which theorists have forecast. It would include for example, common action on a multitude of business matters, even to the elimination of the loss involved in the transport of gold to meet trade balances and of the inconvenience due to the differences in the commercial laws of different countries. But in so far as the conference relates to tariffs, trade preferences, etc., to be continued after the war, it must be said that the moment is not propitious for action. A settled peace cannot come from tariffs favorable to the allies, "reasonable" to neutrals, and strongly discriminating against enemies. Moreover, just as the allies are bound to fight to the last ditch against German territorial aggression, so the central powers must resist to the end such an anti-German trade policy. But it is yet to be seen whether the allies can pool their interests, which are by no means identical.

HARD TIMES

"The house really ought to be painted this spring," said Mrs. Jamesworthy. "It's a shame to let the property go to rack and ruin for the lack of a little paint."

"A little paint!" exclaimed Jamesworthy. "I suppose you think we could buy a can of paint at the ten cent store, and have plenty to give the house two coats. I'm tired of the subject of paint. Mrs. Jamesworthy. Every spring you begin harping on that theme, pointing out that the house would look like a bridegroom from his chamber, if we'd paint it. I don't deny that the house needs such decoration."

"If a man owns his house, and has the price of the embellishments, he should make it blossom as the rose. If I had a large and shapely bundle in the bank, I'd make these premises so gaudy that people would travel miles to see them. I've often thought that it would be nice to have the door waxed, and the inside of the eastern painted, and the woodshed door inlaid with mother-of-pearl."

"But the first duty of a poor man is to keep out of debt. If I purchased the pigments and oil necessary to make this house walk in beauty like the night, I'd have to stand off the dealer, and the way things are going now, his chances of getting the money this side of death's dark river would be mighty slim."

For days I have been going

around with an aching tooth. For ground and lofty aching that snag has all the circus actors' beaten a city block. I have been hoping to do a stroke of business that would enable me to have it filled, and the dentist assured me that is the proper thing to do, but I haven't had the money to spare. I go around the busy marts of trade holding my jaw in one hand and tearing my hair with the other, suffering all kinds of agony, because I can't spare the money to have a tinsmith solder up the hole in that tooth. And when I come home, exhausted by my sufferings, you calmly arise to remark that I ought to have the house painted."

"I have rheumatism in both ankles, and the women and children weep when they see me trying to walk. My ankles sound like rusty hinges, and the people are always asking me why I don't do something for them. Only today a medical friend told me that I ought to go and spend three weeks at some mineral springs, and all the way home I was trying to figure out how I could raise the money."

"And when I reach my vine-covered cottage you meet me at the door with a peal of silvery laughter, and say our house is a joke, and will be until I buy \$500 worth of paint and slop it over the outside. You would be an excellent wife, Mrs. Jamesworthy, if you only would have some regard for the eternal fitness of things."

WOMAN'S COLLEGE NOTES.

The annual observation of Arbor day was fittingly observed by the students Friday morning immediately after the chapel exercises. As has been the custom, the seniors conducted the formal exercises, assisted by the sophomores, and planted one of the native trees.

In the students' room a fireplace has been completed and may be seen by any one interested. The bricks for this were given by Mr. Charles Herrmann of Tell City, Ind., whose daughter, Miss Pauline, is a junior at the college. The setting of the fireplace was done by Robinson Bros. of this city.

Friday night, at the Colonial Inn, Dean Mothershead entertained the faculty at an informal party. Clever games were played. The writing of original poems and black and white original sketches were the cause of much amusement and pleasure. Delightful refreshments were served.

The biology department has received and used a number of bird

slides in connection with the course in ornithology. These slides came from the department of agriculture, and are very helpful in the study of our native birds.

Professor MacClintock, head of the English department of the University of Chicago, gave a lecture last Monday night on "Comedies of Shakespeare." It was a masterful effort and greatly appreciated by everyone present.

The concert by the Madrigal club, given last night, was one of the big events of the season. It was ably assisted by the college orchestra.

Mrs. Louisa Sipple and daughter, Miss Miriam, of Pekin, were visitors at the college Friday.

HAS PURCHASED PROPERTY.

Dr. E. Sipes has purchased the property just west of the square, No. 314 West Court street. The property will be put in first class condition and the Doctor will move his office and residence to that place.

Mr. and Mrs. Harry Myers of the northwest part of the county were city visitors yesterday.

Y. M. C. A. JUNIORS HOLD INDOOR BASEBALL TOURNAMENT

Three Teams are Chosen and Goebel's Band Defeats Winners of First Game for Championship—Senior Volley Ball Results.
Indoor baseball was all the go at the Y. M. C. A. Gymnasium yesterday morning among the Junior boys. Three teams were chosen, two teams playing at ten o'clock and the third team playing the winner for the championship at 10:45.

Baptists team lined up against Obermeyer's warriors the first game and the battle was on. Both teams played ragged baseball at the start but toward the end of the game some good plays were being made. Obermeyer's slow balls seemed to baffled the last inning, winning the game 11 to 10.

Score by Innings.
Baptists 3 2 3 2 3 2 10
Obermeyer's 2 2 2 3 2 4 11
Batteries—Baptist, Rife and Brewer; Obermeyer, Ferguson and Brewer.

Goebel's team crossed bats with the haughty Obermeyer's the second game and both teams played air tight ball from the very start. Struck slow balls seemed to babble the Obermeyer batters and Obermeyer's fast ones puzzled Goebel's batters. The feature of the game was a play made by Parker. There were two men out, Obermeyer's team batting when Mitchell hit a low liner to short. Parker was playing deep and made a running dive for the ball, sliding on one shoulder and peared it with one hand, shutting off a score.

Score by Innings.
Obermeyer's 2 0 1 0 1 0 3
Goebels 0 0 0 0 3 1 4

SPORTS HERE AND THERE

Well, the big league season has opened and there were some surprises on the first day and likewise some more on the second day. The season is yet too young for a prediction to be made of what will happen before the season closes. One thing stands out, however, and that is that the winners of last year are starting out with good looking teams.

The worlds champion Red Sox have the same great team they had last year with the exception of Speaker who was sold to Cleveland. They have the same pitchers with the exception of Joe Wood and that pitching staff is enough to make the other fellows shaky. The infield is working better than ever and the outfield also looks good.

However, there are other teams that must be reckoned with in the race. The Detroit Tigers even this early in the season have developed into the same old "batting team" of former years. Jennings' weakness seems to be the same as that of last year, poor pitching. If his pitchers round to the Tigers must be reckoned with. The team as a whole is a likely looking team. It has undoubtedly the best outfield in either league and Stange looks to have come back to his old form. When he is right he is the equal of any receiver and also excels as a hitter. Yes, even without pitcher the Tigers will make some one go to beat them out.

Bowling's White Sox also looks good and Terry at short seems to have stood the acid test. It is no small thing to put a youngster into an opening game before a crowd of 35,000 people. Terry stood the test on that date and has looked good since he has not hit as well as was expected. He seems to have the goods and with two veterans like Collins and Weaver playing on each side of him he should have no trouble in delivering if he can hit. Weaver and Collins can't ask him to do that but they can help in the fielding end.

The Yankees promise to give some of the teams trouble before the season closes. The Yankees have a real ball team and some good pitchers. One of the best, Ray eating, is still

holding out. If he comes back into the fold the Yankees must be reckoned with. Cleveland, Philadelphia, Washington and St. Louis do not look to be overly strong. Any of them may surprise us but if they do it will be a big surprise. Walter Johnson looks to be the burden bearer of the Washington team as he has been for the last four years. If the Washington team had four pitchers like Johnson it might win the pennant, tho it is doubtful. Griffith must get more men before he can expect to get any place in the race.

In the National league Philadelphia started off with a rush leading New York in a ninth inning finish. The Giants, however, reversed the result the next day and won out. The Phils look fully as strong as last year. However they will have to be stronger than last year if they expect to repeat. The Phillies were lucky last year in that the Giants and Cubs were woefully weak. This year the Giants look to be stronger than at any time in three years. Despite the fact that Mathewson is not likely to come thru the Giants have an old time fighting team. Larry Doyle looks to be in top form as well as Fletcher, Merkle and Burns.

In addition there is Benny Kauf. He was supposed to be the class of the Federal league. While Kauf may not be as great as he is touted it is a cinch that he is a good ball player and will deliver before the season is over.

Joe Tinker after a most disastrous training trip so far as games won is concerned, seems to have gotten his team together and is playing some good ball. The Boston Braves too are to be reckoned with. The Braves had a splendid training trip and went into the season with a team intact and in fine form. The Braves look mighty good to us. We will make a prediction that is no accident to fall them that the team that wins the flag in the national will have to beat Boston.

Cincinnati has a good team but has the reputation of blowing up in the middle of the season. St. Louis does not seem to be any stronger than last year while Pittsburgh does not look as strong. Brooklyn has a team of veterans and if they should get to going all in a bunch should make a showing. However, it is a

lack of pitchers with them as with several other teams in the National league.

The locals will hook up with the All Stars in an exhibition game at Nichols Park this afternoon. Neither team has had anything but individual practice but the men are all in good condition. There has always been a great rivalry between the clubs and a close game is predicted.

William "Happy" DeFrates has returned from Davenport where he went to try out with the Davenport club in the Three Eye league. DeFrates says Dan O'Leary is a good manager and treated him fine. The breaking up of the Federal league,

however, threw lots of good players on the market. O'Leary told DeFrates that a youngster would have a hard time getting a job this year as any manager could sign all the experienced players he wanted. DeFrates had a lot of practice while he was at Davenport and gained considerable knowledge. He will be on third base for Jacksonville Sunday.

Friday evening, April 14th a musical program was given at the Y. M. C. A. after the banquet by Misses. Ruth Duncan, pianist; Helen Brazier, soprano; Esther Spoonst, soprano, and Mr. Dean Cochran, violinist. Miss Duncan and Mr. Kritch accompanied.

Phi Omega society will hold its bi-weekly meeting Tuesday, April 18th at 4 o'clock.

PANCHITO VILLA'S ROAD SONG

As Sung by Him From Columbus, N. M. Southward.

(Thomas R. Ybarra in the New York Times.)

"What chance has this guerrilla?"
Inquired Panchito Villa.

"With Yankee rifles shooting up his home?"
With Yankees making sallies
Into his hot tangles
And aeros dropping bombs upon his dome?

I dreamed another story—
All loot and gold and glory—
When I went gayly raiding to the north.

I somehow wasn't ready
When Johnny J. and Freddy
And all that gang of theirs came
Trooping forth!"

"They'll chop me to tortillas"
(The words are still P. Villa's.)

"If once those Yanks my where-abouts can find,
If only, ere manana
Both Cruces and Galeana
Were fully twenty thousand miles behind!"

Careering through Sonora
Is getting my Angora."
(Continued Panchito Villa,) as he dodged

A bullet Carranzista
Which passed thru one Villista
And comfortably inside another lodged.

"Oh, for a peaceful panchito!"
(I still am quoting Panchito)—
"If fortune doesn't leave me in the lurch,

I'll turn from shooting bullets
To raising corn and pullets
And munching tea and toast—and
going to church!"

No more I'll spurn the gringo
With disrespectful jingo
No more I'll hate all things American.

No longer 'Uncle Sam—bah!"
I'll holler, nor—Caramba!
There goes my hat!—there comes
that Pershing man!"

MORE STRENGTH FOR
FEEDLE OLD PEOPLE.

If all the old people in Jacksonville realized what Vinol will do for them, we would not be able to get enough of it to supply the demand. We quote from a recent letter received from Mrs. A. E. Carson of Kingston, N. Y.

She says—"I am 69 years of age, and had been ailing for a long time with indigestion. I got run-down, was weak, dizzy and could not sleep at night. I consulted two doctors who said I had hardening of the arteries and at my age could not expect to be strong again. My daughter would give me no peace until I tried Vinol, as it had done so much for her. I have taken five bottles and my health and strength have come back, so I am able to do all the housework for my family of four, and I am recommending Vinol to all my friends."

The reason Vinol is so beneficial to old people is because it contains the very elements needed to replace declining strength with renewed vigor, viz: the medicinal elements of fresh cod livers without oil, peptonate of iron, beef peptone, and a mild tonic wine.—Lee P. Alcott, Druggist, Jacksonville, Ill.—Adv.

IT'S BIRTHDAY.

The Courier, in speaking of the fiftieth anniversary of the establishment of the DAILY JOURNAL, says:

The Daily Journal is fifty years old. As a newspaper it stands peculiar to itself in some ways. Jacksonville is a community that is unlike any other community in the country and in its newspaper patronage it has been different from most communities.

During all these fifty years the Journal has very largely clung to the same conservative policy which today marks its utterances, be they political or otherwise. It has never been radical save in its Republicanism. It has during the half century made effort to be the paper of the people by declining to oppose or refusing to align itself positively or radically when factional differences may have rent the community. When policy tended to make silence advisable it could be obtuse as an oyster. When opposite conditions prevailed the contrary course was pursued. And prosperity has attended. Evidently the Journal folks knew just what sort of paper the people of Jacksonville and its surrounding community desired. They have been liberal in their support and those who have been directing the destinies of the Journal have prospered and thrived.

Almost without exception the Journal has been clean and dignified and has as a rule striven to be an element of assistance in causes which

apparently tended for betterment. There have been lapses, but they are so few when scattered along the many years that they are all but unappreciable. The Journal has a good news service, it has a numerous reportorial force, it has an able editor in Mr. Walton, one of the best known and most highly respected business men the community ever produced.

One could, we imagine, gain much satisfaction from the owning of the sheet and the directing of its course in a community where it has stood during five decades as the morning mentor, a relator of tales and a chronicler of the happenings of the yesterday. The Journal occupies an enviable position. It means something to be the morning newspaper in a community like ours, with its intelligence and its culture—to be eagerly awaited each day.

The Journal is well worth while, and it is filling a place that might be filled in manner far and away less creditable. Our honest desire is that it may thrive for another half century and that each year it may take on dignity befitting its years and its graying locks.

REPLY BRIEF IS FILED
IN SCHOOL BOARD CASE

Attorneys Maintain Right of Legis-
lature to Pass an Act Which Will
Serve to Unify School System.

George S. Gillespie of Springfield, attorney for George S. Rogers, petitioner in the Jacksonville school case, yesterday filed the reply brief in the supreme court. This brief makes it clear that the repeal of special charters of municipalities is not contrary to the constitutional inhibition against amending such charters and maintains that the legislature has the right to abrogate special charters when the effect is to secure uniformity in municipal government.

It is stated in the opening argument that the case involves but one question—whether the repealing act passed by the legislature June 25, 1915, is a valid enactment. It is said that this act can be questioned only upon two grounds. First, the power of the general assembly to repeal a special charter without the consent of the inhabitants of the city or school district; second, whether there is any division of the constitution inhibiting such legislation.

Various cases are quoted and argument made to prove that the legislature does have general power to abrogate a special charter by legislation without the consent of the inhabitants of the territory.

The Inhibition Provision
With reference to the second question, that is to say, whether there is any division of the constitution inhibiting such legislation, the brief goes on to say the following:

"We have drawn attention in the statement to the fact that the city of Jacksonville is now governed by the general cities and villages act, having determined by a vote of the citizens of that city, in accordance with the statute to be governed thereby, but it was held in the case of Smith vs. the people, 154 Ill., 58, that such election did not abrogate Arti-

cle 11 providing for a common school district and a system of free schools. That section therefore is not a part of the municipal charter correctly speaking, but is a provision contained in the special charter for the establishment and government of a system of free schools which in effect amounts to a special school charter. It will be special school law. The only provision contained in Section 22 of Article 4 in relation to schools is that the general assembly shall not pass any local or special laws providing for the management of common schools. The act of June 25, 1915, does not purport to be such an act. It is an act repealing a special charter. It gives effective force to the general law—puts it in operation respecting this territory. It does not provide for the management of common schools. It takes away special and local laws designed for that purpose and leaves the territory hereafter to be organized and governed under the general school law. Therefore it cannot be said that this statute is within the inhibition of that provision.

Relates Solely to School Charter
It is not conceded that the act has any effect upon the charter of any city, town or village but relates solely to a school charter, yet it is claimed if it should be held to relate to the charter of a city, town or village, it would still not be obnoxious to the provisions that the general assembly shall not pass any local or special law incorporating cities, towns or villages, or changing or amending the charters of any town, city or village, because the effect of this act is neither to incorporate cities, towns or villages nor change or amend the charters of any town, city or village, even if the charter under consideration be regarded as a city charter.

It is explained that the words change and amend are used in the alternative and mean substantially the same thing. It is claimed that a thing that is changed is not obliterated or abrogated but that it remains in its changed form. So it is maintained that it is not to be presumed that the legislature by providing that there shall be no change or amendment of the city charter intended to deprive the legislature of its power to change or amend, for the power to amend is clearly distinguishable from the power to repeal. The case of the land commissioners vs. Kaskaskia Commune is quoted to show that the constitution does not prohibit special legislation concerning common schools. It is claimed also that altho the form of a law may not be general, still if the result is to produce uniformity, that such legislation is not subject to the objection that it is a local or special law. So it is maintained that the effect of the repealing act is not to grant any special privilege or immunity to the common schools of Jacksonville or to establish dissimilarity in the management of such schools but rather to bring about a uniform condition both of organization and management under the general school law.

Case Is Summed Up.
In conclusion the attorneys set forth that the authorities and cases they have quoted establish plainly the following propositions:

"1. That it lies within the general power of the legislature to create, abolish or amend a charter for the government of a local subdivision of the state, including a school district.

"2. That it may do so if not limited by a constitutional restriction either by general or special law.

"3. That there is no provision of Section 22 of Article 4 of the Constitution gives to the legislature the right to determine whether a general law can be made applicable and to pass a special law where it determines that one is necessary, and its determination in that regard is not subject to review by the courts.

"It therefore follows that the repealing act in question is valid and it is the duty of the respondents to organize a school district from the unorganized territory heretofore constituting school district No. 117 of the county of Morgan and having refused to do so, a writ of mandamus should issue from this court commanding such action.

"We annex an opinion of Attorney General Lucey covering his question which we submit is sound."

A RELIC OF THE CIVIL WAR

Lee P. Alcott has hanging in his store window a copy of the New York Herald of April 15, 1865, the sad day for the nation when the great Emancipator breathed his last. Among other articles was one on the southern situation and its headlines told of the flight of Jeff Davis, his claim that the fall of Richmond was a blessing in disguise as it would enable the rebel army to scatter more. A good many other items are given showing the futility of the lost cause. Incidentally it may be mentioned that cotton was then quoted at 42 cts. a pound and sugar at \$9.00 a barrel.

THE ARMOR PLATE BILL.

The passage by the House of the government armor plate bill seems assured, and that means its enactment into law. The measure is a most wise one, if not exactly the kind of preparedness a private munitions trust would desire. The full independence of the United States must be preserved, and this implies that in its policies of war and peace it shall not be controlled in the least by powerful capitalist interests concerned in the manufacture of arms and navy supplies. The more that private profit can be divorced from war the better.

PLACED UNDER PEACE BOND

Charles Brannum was before Justice Over Saturday on the charge of making threats to kill. The complaint was sworn out by Mattie Carpenter. The court placed Brannum under bond in the sum of \$50. to keep the peace for six months. The bond was signed by John R. Dunn.

TANLAC SECURES HIGHEST RECORD

Quality Tells the Interesting Story of This Extraordinary Medicine.

No other medicine ever has approached the wonderful record of Tanlac. Its success is a romance of the staid business world—a success built on merit so unusual that in just nine months after Tanlac had been introduced, one million bottles had been sold to men and women who had learned its superior qualities for the relief of ailments of the stomach, liver and kidneys and catarrhal affections.

Tanlac appeals to the best people everywhere. These are the men and women who judge intelligently and impartially, and the result always is a Tanlac verdict. Upon the endorsement of many thousands of well known people rests the great and secure popularity of Tanlac.

Those who take Tanlac always return for the second bottle because the first few doses establish its merits. Tanlac is so efficient and pure, it at once makes known its value in derangements of the stomach, indigestion, upset nerves and debility.

Tanlac, that has come to be generally known as the Master Medicine, may now be obtained in Jacksonville at Coover & Shreve, where it is explained daily to many people.—Adv.

HERPICIDE WILL SAVE IT HERPICIDE WILL SAVE IT TOO LATE FOR HERPICIDE
NEWBRO'S HERPICIDE
Used in Time Will Save Your Hair
The seeds of baldness are usually planted in the spring time of life. Dr. Sabouraud the eminent French authority, says that "Baldness, as a chronic malady, is a disease, not of old age, but of youth: in bald old men we simply see the result of a disease that has been slowly doing its work for many years."
Unless checked, this diseased condition, manifested by the accumulation known as dandruff, gets worse, kills the hair, the hair comes out.
Why delay? Why experiment? NEWBRO'S HERPICIDE has saved thousands from loss of hair and baldness. It will do it for you.
HERPICIDE eradicates dandruff, destroys the cause of the disease and prevents the hair from falling out.
A SINGLE TRIAL WILL CONVINCE YOU
You will be entirely satisfied with the merits of HERPICIDE after the first application. The scalp will be clean and healthy, the hair soft, light and fluffy. HERPICIDE is a most delightful hair dressing and its odor exquisite. It stops itching instantly.

STOCKS HARDEN SLIGHTLY AFTER EARLY PERIOD OF HESITANCY

Wall Street Chooses to View the Foreign Situation With More Complacency.

New York, April 15.—Wall street chose to regard the foreign situation with more complacency today and prices of most important stocks hardened slightly after an early period of hesitancy. Trading was too light and circumscribed, however, to justify detailed or specific comment, aside from a fair demand for the rails, notably the eastern group. New York Central led that division, probably in consequence of the remarkable statement of earnings for the past year.

The bulk of the trading which included the usual week-end settlement of outstanding contracts, was made up of such speculative favorites as Crucible and United States Steel, Mexican Petroleum, Mercantile Marine and a few equipment issues like American and Baldwin Locomotives.

Mexicans improved generally and a few obscure specialties showed irregular gains. Total sales of stocks amounted to 185,000 shares.

In the broader field of finance the outstanding feature was the substantial recovery in exchange on Paris, the demand rate falling back to 600 from yesterday record quotation of 609.

According to authorities general trade shows no fear of international conditions and higher prices for raw and finished materials are in themselves no check to superabundant activity. Jobbers and retailers in mercantile lines report a continuance of demand and legitimate enterprises are enjoying a full measure of prosperity.

A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

If Cross, Feverish, Sick, Bilious, give Fruit Laxative at Once.

Every mother realizes after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste, and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, Mother! If coated give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach ache, diarrhoea, indigestion, colic—remember a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."—Adv.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Easier, Quicker and Without the Blister

There's no sense in mixing up a mess of mustard, flour and water when you can so easily relieve pain, soreness or stiffness with a little clean, white MUSTEROLE.

MUSTEROLE is made of pure oil of mustard and other helpful ingredients, combined in the form of a pleasant white ointment. It takes the place of the out-of-date mustard plaster, and will not blister!

MUSTEROLE gives prompt relief from Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chilblains, Frosted Feet, Colds of the Chest (it often prevents pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50. Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

HER HOME NO LONGER CHILDLESS

Operation not Necessary after Taking the Great Medicine for Women.

Miller's Falls, Mass. "Doctors said I had displacement very badly and I would have to have an operation. I had a soreness in both sides and a pulling sensation in my right side. I could not do much work the pain was so bad. I was also troubled with irregularity and other weaknesses. My blood was poor. We had been married four years and had no children.

After using Lydia E. Pinkham's Vegetable Compound and Blood Purifier I became well and strong and was saved from the operation. We are now the parents of a big baby girl and I praise your remedies to others and give you permission to publish my letter." Mrs. JOSEPH GUILBAULT, JR., Bridge Street, Miller's Falls, Mass.

Lydia E. Pinkham's Vegetable Compound is famous for restoring women to normal health and strength. When this is done wives no longer despair of having children.

A woman should be reluctant to submit to a surgical operation until she has given Lydia E. Pinkham's Vegetable Compound a fair trial. If you have never seen needs special advice it is Lydia E. Pinkham's Vegetable Compound. Adv. bond was signed and was among the out-ers in Jacksonville Saturday.

GRAVES OF SOLDIERS IN LOCAL CEMETERIES WILL BE MARKED

Committee Completes List of Those Buried in Diamond Grove—Getting Ready for Decoration Day.

Last year committees from the G. A. R. had some difficulty in locating all the graves of veterans in the several cemeteries. The same trouble was encountered in years previous and so it was decided that committees should be appointed to search the records and compile lists of the names of veterans buried there. The committee for Diamond Grove cemetery consists of R. R. Stevenson, C. Riggs Taylor and Hassel Hopper, and their work in securing the names was recently completed. The list shows that about 150 veterans are buried in Diamond Grove. It is the intention of Matt Starr post to have a piece of pipe driven near the grave of each veteran in such position that it will serve as a mark of identification and will also provide a place where the flag may be stationed each Decoration day.

Another committee was appointed for Jacksonville cemetery and a third for Calvary cemetery. The Diamond Grove committee is the only one which has completed its work, although the others will report at some early date so that the preparations for grave decoration will be complete before the annual Decoration day services. The list of veterans buried in Diamond Grove includes the following names:

Charles Anderson, James Anderson, Cyrus Anderson, John Adams, Frank Adams, W. F. Alexander, Robert Akers, Joshua Ainsworth, S. J. Adkins, George Angelo, David Angel, W. H. Austin, Charles H. SECOND BAPTIST CHURCH SERVICES

The services at the Second Baptist church Sunday will be of unusual interest. Rev. Henry Boyd, assistant secretary of the Negro National Baptist Publication Society of Nashville, Tenn., will fill the pulpit both morning and evening. At 2:30 p. m. a beautiful banner made by Mrs. Albert Moore, 670 Kosciusko St., will be dedicated to the Sunday school. The banner will be set up by the Rev. Henry Boyd, who will make the address. Dr. A. H. Kennedy will respond. As a public way of acknowledging appreciation for the banner Mrs. Albert Moore gives to the school we have placed it on exhibition in the show window of the Mallory Bros. To see it is to admire it and commend the donor for her workmanship and generosity. At the evening services Rev. Henry Boyd will tell us of the work of the Negro publishing house, employing one hundred and fifty persons, and turning annually in the business thirty thousand dollars worth of blank paper. Special music at the evening service. You should not fail to hear the Rev. Boyd. All of his addresses are helpful. Join us in the welcome.

MAVERICKS

Who cares whether Villa is dead or alive. Or the Germans have taken Verdun. There surely now is some joy in life. For, the baseball season has begun.

Only seven days more until Easter. Do your shopping early.

Last winter people were comparing Benny Kauff with Ty Cobb. That was in the hot stove league. Since the season opened Cobb has played in brilliant form but Kauff has not as yet set the grass on fire in the National league.

As long as the members of the city council and W. B. Miser remain in their present state of mind the residents of Grove street and Mound avenue are not likely to be troubled with too much pressure.

The New York gamblers are betting that the two Boston teams will win the pennants in their respective leagues. That should not make much difference, however, as bets never won any ball games or anything else.

If you go down to your place of business some morning and can't open the safe be careful how you handle it. A Loami man used a sledge hammer on his safe after it had been operated on by burglars and caused an explosion that knocked him down along with a number of innocent bystanders.

If it takes 25,000 men to capture Villa how many would it take to capture Mexico? The result of the chase so far is a good argument for preparedness.

Judging from the returns in Morgan county there were some men running for delegates at the Democratic primary who are not overly popular with the rank and file of the party.

We have heard a lot about the German's having a corner on Dyes but it never came close to home until last Tuesday when a German cornered Dye right in our midst.

Overland

SIX

An exceptional car—built to meet an exacting demand

The six cylinder motor—in its perfected state—is the engineer's answer to the demand of the automobile enthusiast—the extremist if you will.

The perfected six cylinder motor is capable of a faster pick-up and a smoother flow of power than is possible in a four.

But not all sixes are superior to all fours.

We build fours that are superior to many sixes.

And our only purpose in building a six is to satisfy with Overland finally that extremist demand for well nigh miraculous motor performance.

The Overland Six is a big, roomy, luxurious, seven passenger car with a motor of unusual power, smoothness and flexibility.

But the price is only \$1145—much lower than any other car of its size and class.

Such a low price for such a superlative car is possible only because the Overland Six is part of a huge production.

In fact Overland production is easily double that of any other builder of cars of like class.

So in buying the Overland Six you not only secure a car of very unusual performance—

But you get the advantage of the economies possible only in the production of cars on so vast a scale.

While the prices of established sixes are advancing, and those recently announced are on a higher price level, the Overland price remains at \$1145.

It is so clearly dominant value among sixes of its size and class, that the demand is taxing even our large capacity.

Today is an Overland Six opportunity which can hardly last.

See us now and book your order.

A Little Blossom To Delight the Home

And Now a Splendid Remedy Will Be of Great Help to the Expectant Mother

When it is known that in the near future the home is to be blessed with a new arrival the first thought should be "Mother's Friend." This is an external remedy gently applied over the stomach muscles. It makes them firm and pliant, they expand naturally without undue strain. It removes from the nerves those influences which are responsible for much of the pain incident to the period of expectancy. It is for this reason that much of the distress such as morning sickness is avoided. All prospective fathers should see to it that the expectant mother is provided with a bottle of "Mother's Friend."

If more convenient get a bottle on your way home. Remember that many of our most valuable aids to health and comfort and safety are only such when our knowledge of them is put into action. Begin early to enjoy their use and "Mother's Friend" will soon become one of the most helpful influences ever devised for avoiding much of the distress incident to coming motherhood.

The directions are simple. Get it at any drug store. It is applied by the expectant mother herself. It penetrates deeply and affords quick and splendid relief in a most gratifying manner and reflects a physical betterment to the nervous disposition of the baby. Don't fail to get a bottle of "Mother's Friend" today and then write Bradfield Regulator Co., 813 Lamar Bldg., Atlanta, Ga., for a pretty little book bristling with information for expectant mothers. It is a delight to read it.

CHURCH SERVICES.

Grace Methodist Episcopal Church—F. B. Madden, pastor. Sunday School 9:30 p. m. Epworth League 6:30 p. m. Lenten Revival service 1:40 a. m. and 7:30 p. m. Evangelist Towle will speak at both services. Morning theme, "Does the American Young Man Need God Today?" Evening theme, "The Defense of the Home." Miss Rena M. Lazelle will sing and the splendid chorus choir will lead the worship of song. Everybody cordially invited.

Mt. Emory Baptist Church—Enos Larkin Scruggs, Minister. Revival services are in progress conducted by Rev. J. J. Chappelle, D. D., pastor of the Pleasant Grove Baptist church, Springfield, Ill. Meetings will be continued during the week. There will be three great services today in charge of Dr. Chappelle. Strong evangelistic sermons, such as those to which the congregation has listened during the past week, will be heard this morning and to-night. In the Bible school at 2:30, decision day will be observed. A large attendance of teachers and scholars is desired. A most hearty welcome extended to all of these services.

Brooklyn—The Lenten services will continue through the week under the direction of the Pastor W. W. Theobald, assisted by Rev. N. K. Johnson, evangelist, who will preach morning, afternoon and night. The subject at 10:45 a. m. will be "Crucifixion." At 3 p. m. there will be a service for men and boys. Wm. S. Lurten will sing and there will be other special features. All cordially invited to the services of this church.

First Baptist Church—Minister, Percy W. Stephens. Ordination service for deacons at 10:45 a. m. The public invited. Ordained deacons from other towns will cooperate in the service, and the pastor will preside, delivering a sermon on, "The First Deacon." The Easter Revival Campaign for the one week only begins at 7:30 p. m. Miss Bird Duncan of White Hall has arrived and will take charge of the big choir as she did so acceptably last year. Miss Duncan will also sing at each service and the entire Duncan sister quartet is expected some time during the week. The quartet is famous in many of the big cities across the country and in Canada. The daily events in the life and teaching of Christ during the week before His crucifixion will be the topics for the evening sermons night by night through the week. The pastor will preach, Topic Sunday night, "The Colt Jesus Rode On," or "Lessons From A Donkey." Sunday school at 9:30 a. m. The last Sunday of the contest. Over 400 were present last Sunday. Try and beat all records for "on time" attendance. Prize to be given Easter Sunday. B. T. P. U. at 6:30 for real live fellowship and inspiration. There will be a nursery each night for the week in charge of Miss Marie Mayer. All services are free to the public. No charge for admission, and no seats reserved.

Westminster Church—The service at Westminster Church today will be as follows: Sunday School 9:30. Morning worship 10:45, with sermon by the pastor, Rev. E. B. THE BIRTH OF A NATION.

Editor Journal:

The picturization of the events during the reconstruction period from 1863 to 1872 is one gigantic, colossal lie, gilded and sugar coated which makes it easy for the present generation to swallow. It is a masterpiece of misrepresentation and a reflection on the Union soldier who gave the best that was in him and slipped off the four best years of his life. It is also a reflection on the character of the real sons of "southern chivalry" and the southern character in general. Those who lived thru that period of the nation's history know that the "Rev." Thomas Dixon, at one time an eminent sky pilot, quit the pulpit and turned to the literary field because there was more in it for him than trying to bring sinners to the mourners' bench. Like many other of his ilk he is out for the money, and the sinners be blowed.

He pictures the Ku Klux Klan as a band of heroes, composed of the best blood of the south, when the truth is that the Klan was composed mostly of the riff raff and scum of the south, a lot of cowardly ruffians who did all their acts of "heroism" in the night and the blacker the night the better to carry on their work of assassination with the dagger and bloody rope. In the four years of the red reign of the Ku Klux, scores and hundreds of innocent whites and blacks were done to death by this gang of murderous cutthroats because they dared to stand for the Union and the flag that has never yet been furled in the face of an enemy. The whole thing is the song of the siren of secession and disunion wafted back to us from a thousand battle fields and should be suppressed before the poison picture permeates the life of the nation—more especially the generations that have come upon the stage of action since the close of the reddest period in our national life, a war that filled a million graves and caused rivers of tears to flow for loved ones who laid down their lives not for "the birth of a nation," but the salvation of a nation born at Concord and Bunker Hill, and not in the brain of the "Rev." Thomas Dixon. The story is a beautiful perversion of history, and as a screen production has no parallel in the moving picture industry. Therein lies in the seductive danger. This is well known by the sky pilot who wrote the "Clansman," and Mr. Griffith who put it on the screen. But they are in it for what they can get out of a gullible public.

The main features of the film aim to debase the negro and stir up prejudice against the colored race and keep up a never ending strife between the whites and blacks of the entire country. In those far off days there were many mean black men, and there were just as many mean white men. In fact the white men were the meanest because they had better opportunities than the bondsmen who had been under the domination of slavery for centuries.

"The Birth of a Nation" should be suppressed for the harm that it is doing in not only perverting history but in infaming the passions of those who would like to forget the horrors of that awful period of the sixties, especially the unparalleled atrocities carried out in Andersonville and other dens of horror in the south, which seem to have escaped the notice of the "Rev." Dixon who eulogizes the cut throat gang of night riders and red handed assassins, whose deeds blacken the pages of the history of the civil war and are the means of keeping alive the strife engendered by and thru the very instrumentality he is trying to defend in "The Birth of a Nation."

We seem to have reached the point where it would be quite the proper caper for the Union soldier to apologize for the things he did when called to the colors by the great emancipator more than a half century ago. And, according to the teachings of "Rev." Thomas Dixon, it will not be many generations when it will be a problem to decide which side was right in the conflict between freedom and equality before the law, and human oppression for the benefit of the few against the many.

I wonder if the fact ever occurred to the author of the "Clansman" that if he and his ilk (meaning the Ku Klux Klan) had not fired on the flag at Fort Sumter five and fifty years ago this month there would have been no necessity for the four years of reconstruction and the dark days of blood and death that followed in their train? "A house divided against itself cannot stand," said the immortal Lincoln. Let Mr. Dixon pass in or out and softly close the door.

—J. M. Swales.

PAIGE
The Standard of Value and Quality

The
Fairfield
"SIX-46"

"The Proof of the Pudding"

After all is said and done, sales are "the Proof of the Pudding"—so far as automobiles or any other manufactured products are concerned.

Therefore, please consider the significance of these figures—

During the month of March, the American people bought 1200 Paige "Fairfields" and paid for them one million, five hundred and fifty four thousand dollars.

When you remember that March was distinctly a winter month in most sections of the country, these figures are truly remarkable.

Could there be any stronger argument for the actual net worth of the Paige Fairfield "Six-46"?

Could there be any stronger proof that this model has taken the nation by storm and won for itself a place of undisputed leadership?

Think it over—and then remember to act while we can still make "immediate deliveries".

"OUR BOYS AND GIRLS" ROUND TABLE THEME

CHILD WELFARE TALKS BY
MISS COALE AND MISS JOHN-
SON.

Mrs. Charles H. Harney Hostess at April Meeting of Domestic Science Round Table—Delegates Elected to District Meeting—Health Topics Considered by Club Women.

"Our Boys and Girls" was the theme of a profitable meeting of the Domestic Science Round Table held Saturday afternoon at the home of Mrs. C. H. Harney on South Church street. The principal speakers were Miss Gunhild Johnson, public health nurse and instructor in hygiene, who told what medical inspection has accomplished in the public schools; and Miss Martha Coale, visiting nurse, who spoke of the necessity of health in the correct rearing of the child. Mrs. Harney was assisted in entertaining by Mrs. G. O. Webster, Mrs. H. C. Clement, Mrs. R. C. Singley, Mrs. F. L. Hairgrove, Mrs. G. H. Harney, Mrs. Louis Kelly, Mrs. A. L. Henderson and Miss Clara C. Cobb. An appropriate luncheon was served at the conclusion of the program.

Miss Cobb and Mrs. Thomas Heaton were named as delegates to the twentieth district federation meeting to be held in Virginia May 4 and 5. Mrs. Herbert Capps and Mrs. W. A. Baumgartner were named as alternates. The nominating committee to report at the next meeting was named, to consist of Mrs. George W. Rhea, chairman; Mrs. H. C. Clement and Mrs. J. K. C. Pierson.

The annual picnic will be held next month with Mrs. G. A. Sieber as hostess. This will be the last meeting of the year and the report of the nominating committee will be made and officers elected.

The Health of the Child.
"The Health of the child depends greatly upon the home," said Miss Coale in the course of her introduction. Continuing she said in part: "We are beginning to see more clearly that at the onset of adolescence, at 12 or 13, a number of powerful impulses, make their appearance for the first time, and exert a profound influence upon the conduct of the boy and girl. Nature appears to wish to give him this last chance to adjust himself in his great change in life. This is the time a parent can be of great help to a boy or girl. First gain the confidence and explain all the freaks of nature, so when perils, of which they are many, may be met with a clear understanding. As nature calls one who backslides from her laws and rules, an outcast from society, we must try to change the views of society."

If a child disobeys, or I should say, follows one of his or her strong impulses in the wrong way, society does not help by alienating him from all its parts. To help talk, not preach and use good examples, and always be sure that society has helped to her highest extent. There is a settled conviction among educators that the school has not been solving the problem of social training in a satisfactory way. Its failing, I think, has been due to the cold and cheerless nature of its work. The child must be understood and his school work made pleasant and not a drudge.

Make Work Interesting.
"A noted psychologist has said to keep a pupil constantly doing what he hates must end by developing immorality in him. Not only in school, but home life can be made a drudge. I do not mean to allow the child to play all the time, but work can be made interesting and a parent can teach her offspring at a very early age to do little tasks, but keep a careful eye on him so the work can be arranged in the most pleasant way. Do not refrain from pleasant gatherings at home for the children; for all normal healthy boys and girls love pleasure, and like to have good times together."

"Athletics in a way are very important in a good health problem, but I would like to discourage games for prizes and encourage them for their own sakes."

"I think a child should not be forced to observe certain ethical rules, but be allowed to follow a natural course with careful training. I think all boys and girls have ideals and if taught properly, these ideals will help much in their moral development, and often the instructor is the one the child will choose. So they have the power of making good men and women for our citizens."

"All this leads to the question of health. The children will not enjoy normal life, unless their health is in perfect condition, so all must help to keep them so."

Regarding medical inspection Miss Johnson said:

Medical inspection in schools is not a new branch of public health work, but it is only within the last few years, that public health workers, teachers and some parents are becoming thoroughly awakened to the necessity of inspection of school children and forming studies of personal hygiene and physiology as part of the education of the child.

The value of personal cleanliness of the proper care of teeth, and of exercises, the nature of infectious diseases, and of the deleterious effect of alcohol, coffee, tea, tobacco and other stimulants are being taught vigorously. The subject of temperance has come to be understood in its broad aspect, but nevertheless some of our boys indulge in this harmful habit even in a supposed dry town.

Purpose of Inspection.
The object of medical inspection

are the detection and correction of physical defects, the detection and exclusion of parasites and contagious diseases, the maintenance of hygienic condition in the schools, to try and find mentally deficient and get treatment for same.

Not having been here but a short time and therefore not being able to cover all the schools I can't tell the exact conditions existing among our school children, but among the school children that I have inspected, I have found among the younger and poorer children that almost every child has one or more defects.

In the high school as far as I can find, out of three or four hundred pupils that were examined two years ago eighty-six were found defective, of these nineteen were cases of defective vision, twenty-nine were cases of defective throat, nineteen were cases of defective nasal breathing, fourteen were cases of defective teeth, one defective hearing, two had malnutrition, one had enlarged glands of the neck, one had dermatitis, and the number that have been treated and cured of these eighty-six are vision 12, throat 9, malnutrition 2, teeth 6, dermatitis 1, defective nasal breathing 3, altogether 39 cases.

High School Records.
I have finished inspecting 316 pupils in the high school and found 69 defects of these. Sixteen were defective throats, 8 were defective nasal breathing, 12 were defective vision, 16 were defective teeth, two were hyper thyroids, three had some form of skin disease, two enlarged glands of the neck, four were found to be anemic, three defective hearing, two defective eyelids.

In one of the ward schools where 252 pupils were inspected 146 were found defective, some having more than one defect, altogether making 248 defects of these. Nine were anemic, 51 were cases of defective throats, 14 had defective vision, 5 had defective hearing, 71 had defective teeth, 13 had enlarged glands of the neck, 32 had defective nasal breathing, 4 skin diseases, 8 having malnutrition, 4 had orthopedic defects, 14 mentally deficient, 9 had symptoms of tuberculosis, 11 had symptoms of other diseases as kidney and heart.

Of the 316 defective found in both schools only about 50 have been to their physicians. I have visited a number of homes and found that some parents cannot afford to go to a physician and therefore neglect caring for their children, and inspection in the schools without means of caring for these cases, is a waste of time and money, therefore the next step is to provide some place where children who have been found defective by the nurse and physician cannot afford to pay for physicians services can be taken and have defects corrected free.

Must Teach Parents to Aid.
A great deal has been done for the school children in Jacksonville, but there is still much work to be done, and the only way we can get it is by co-operation, and educating the careless and ignorant parents.

Personally I think the examining of the pupils should be done by a physician and that would give the nurse more time to visit the homes, thereby teaching the mothers and coming in contact with home conditions of the child. However, until we have become better organized and can have things the way we wish, we can aid the physicians of the town to accomplish some good for the boys and girls of Jacksonville.

OFFICERS OF PISGAH CHURCH TO BE INSTALLED TODAY.

The annual meeting of members of Pisgah Presbyterian church was held recently, when reports for the year were presented and the organization was found to be in excellent condition with no outstanding obligations. An election was held resulting in the choice of James Holmes as elder, Harold Young, deacon, George Graft, trustee, and George Holley, treasurer. Today the newly elected officers are to be installed at a service to be held at 3 o'clock, when Rev. W. E. Spoonst will have charge. This service will be preceded by the Sunday school at 2 o'clock. Former members of the church who now reside in Jacksonville and other friends are cordially invited to be present.

RECEPTION AT CENTENARY CHURCH FOR MR. AND MRS. REX J. MOON

Gathering in Church Parlors Includes Many Warm Friends of Singing Evangelist and his Wife.

For three weeks Mr. Rex J. Moon and his wife have been with Centenary M. E. Church in special meetings. Mr. Moon organized a large chorus choir, and conducted it during the meetings, and from the very beginning of the work he secured the hearty and enthusiastic cooperation of the members of the chorus. This organization grew steadily in numbers, and confidence until now the singers would probably attempt anything he might ask them to sing. The result is expressed in the opinion of many competent to judge that Mr. Moon has developed the finest chorus Jacksonville has ever had in a meeting, with the exception of one great tabernacle meeting.

Both Mr. and Mrs. Moon have accomplished great results in their meetings with the young men and the young women of the church, and the young people are hopefully and enthusiastically planning their work for the future.

The chorus planned and successfully carried out a reception for Mr. and Mrs. Moon last evening in the parlors of the church. All the members of the chorus were expected to be present, and the officials of the church were also invited to attend. A large company gathered at the hour appointed, and a very happy, sociable evening was spent by all present. Nobody had the opportunity to be dull, or have an uninteresting time. Perhaps the feature of the social best enjoyed by all was the singing contest, in which the whole company was divided in groups of four, and each group sang the number assigned them from the "Songs for Service." Mr. and Mrs. Moon were given a "memory volume" for their library. Refreshments were served.

Today is Mr. Moon's last day with Centenary Church, and he and the chorus have planned to give two great song services; one at the morning hour for preaching, and one at the evening hour. The morning service will begin at 10:30 instead of the usual hour, so that there may be more time for the musical program. Requests for certain numbers to be sung will be honored at these services, among these being the "Awakening Chorus," and "All Hail! Immanuel!" Another interesting part of the program will be the singing of the mens chorus. At the evening service Miss Self, Miss Ranson, Mr. Moon and Mr. Metcalf will sing "Nailed to the Cross" and Mr. Moon will sing, "There is a City Bright," by Louie.

WE BELIEVE IT WILL BE WORTH YOUR WHILE TO COME DOWN MONDAY, APRIL 17TH, AND SEE OUR SPECIAL DISPLAY OF DRESS HATS.

BOARD OF EDUCATION ELECTION AT WAVERLY

A school board election was held in Waverly Saturday for the purpose of electing a board to have charge of the graded schools. They were, president—Dr. Walter Allen, members—Fred E. Decker, and C. A. Carter. Before the balloting began Charles Lowe, Benjamin Colson and G. Romang, who had been candidates, withdrew their names. When the two tickets were in the field it was generally understood that the one represented those who had favored the township high school and the other those opposed to the high school plan. The candidates who withdrew were listed as aligned with those not favoring the township high school.

Law Provides For Date to Organize And Select State and Congressional Convention Delegates.

The Morgan county Republican and Democratic central committees chosen at the recent election will meet Monday at 12 o'clock noon at the court house. In accordance with the provisions of the primary law it is the duty of each committee to organize by the election of a chairman, secretary and any other officers that are thought to be advisable. Delegates will be chosen to the state and congressional conventions and this will constitute all the business to come before each committee. As congressional and state conventions are more formal than otherwise, the greatest interest in the gathering of the committees Monday centers about the selection of county chairmen.

D. F. SPAULDING LONG TIME COUNTY RESIDENT DIED SATURDAY NIGHT

Deceased Had Lived Here for More Than Sixty Years—Illness Covered Period of Eight Months.

Daniel Francis Spaulding, one of the county's oldest and best known citizens, died at his home west of the city Saturday evening at 11:40 o'clock. He had been ill for over eight months and death was due to diseases incident to old age.

Mr. Spaulding was born in Royalton, Vt., March 21, 1834. He grew to manhood in that state, coming to Illinois with his parents when 21 years of age. He was the son of John and Eunice Woodward Spaulding. The family came directly to this county, where Mr. Spaulding has resided for 61 years. He always followed the occupation of farming and also was noted as a breeder of fine horses. He brought the famous Spaulding's Black Horse to the county and also was the owner of many more of fine pedigree.

Mr. Spaulding was a man noted for his honesty and upright dealings. He was a man whose word was "as good as his bond" and was steadfast in his friendships. In his death the community loses a good citizen and the family a kind and loving father.

April 19, 1873, Mr. Spaulding was united in marriage to Miss Mary Johnson of this city. He is survived by his wife and the following children: Charles Spaulding of Moweaqua, William Spaulding of Carrollton, Oliver H. Spaulding of this city and Miss Mae at home. Nine grandchildren also survive.

Funeral services will be held from the residence Monday afternoon at 2 o'clock with interment in Diamond Grove cemetery.

ALL NEW AND ATTRACTIVE MONDAY MORNING WE SHALL OPEN A LARGE NEW STOCK OF MILLINERY WHICH CANNOT FAIL TO PLEASE: GREAT VARIETY AND CORRECT STYLES TRIMMED IN BEST MANNER. OPERA HOUSE BLOCK.

SCHOOL BOARD ELECTION HELD AT BLUFFS SATURDAY

Royal Oakes, Charles Wills and Harmon Northrup Chosen—Former Bluffs Pastor Now an Army Chaplain.

Bluffs, April 15.—Quite a little excitement prevailed at the school election Saturday. The following were elected and the official vote is as follows:

Royal Oakes, pres., 203.
Charles Wills, member of board, 295.

Harmon Northrup, member of board, 219.

The following is taken from the Kansas City Star and refers to the former pastor of the M. E. church of this place who recently was stationed at "Roodhouse."

"Chaplain Milton Orner Beebe, United States Army, recently appointed, with rank from March 4, 1916, is assigned to the Twelfth Cavalry. He will report at Jefferson Barracks, Mo., about May 8 for temporary duty, upon the completion of which he will proceed to Fort Barrancas, Fla., and report."

Rev. Mr. Beebe was beloved by his parishioners here and is a man of high ideals.

Miss Lizzie Gregory of Naples was a visitor here Friday.

Miss Carl Horsey was a business visitor in Barry Wednesday of this week.

Mrs. Horace Sappington who was injured by a fall two weeks ago is able to be out again.

The entertainment given by the pupils of the high school Friday night was well attended and was a financial success.

Miss Lena Kappel of Meredosia came over Friday to visit Miss Elizabeth Bruza and to attend the high school play. Other guests from Meredosia were Misses Ada Moss and Ethel Butcher.

Mrs. Thomas Reid and Mrs. Wm. Hartnady were shipping in Springfield Saturday.
